Normal School Bill Pushed Ahead 24-12

Supporters Of Measure, To Allow Granting B.A. Degrees, Confident Of Final Passage

By GLENN SPEIDEL.

The state legislature Wednesday, by a vote of 24-12, advanced on general file LB 294, which would allow the four state normal schools to grant bachelor of arts degrees.

A previous motion, made by Senator William Metzger, Cedar Creek, to indefinitely postpone the measure lost by a vote of 15-23.

In an hour long debate before the issue was put to a vote, both the proponents and opponents of the measure made their final arguments.

The debate began when Sen. William Hern, introducer of the bill, requested that the measure be taken from its bracket on general file and discussed on the floor.

Davies Hits Additional Expense.

Sen. Tom Davies, Lincoln, speaking against the bill, stressed the belief that passage of the measure would cost the state additional expense that it can not afford. He said that while it might not cost additional funds to grant bachelor of arts degrees this year, eventually because of an expanded curriculum, the expense to the state would rise.

"This is not a fight between the normal schools and the University of Nebraska," Sen. Victor Anderson, Lincoln, declared. "This is a plan to increase taxes without giving better service. This is a fight between the taxpayers and church schools on one side, and the communities with normal schools on the other."

'Cannot Afford.'

"By this bill we would be setting up in Nebraska a higher education system that we cannot afford," Sen. Anderson declared. "I am anxious for everyone to have an education, but it is a question of what this state can afford."

"Do you believe in a 'closed shop' in education?" he was asked by Sen. Hern. "Don't the people in the western part of the state pay their share of taxes to support this state's education?"

Sen. Anderson answered by saying, "The question involved is what the taxpayer can pay."

After the vote on the two motions, proponents of the bill expressed confidence that it would be approved by the legislature. The measure will be up for vote again on select file and on final reading.

Church Colleges Mentioned.

Additional costs, lack of need and inability of the normal schools to qualify for liberal arts degrees were the main arguments advanced by the opponents of the bill. Proponents answered with arguments that it would not cost more, that additional education facilities were needed outstate and that the normal schools need only the authority from the legislature to grant liberal arts degrees.

In answer to an argument by opponents that the measure would

ADM. KIRK . . . new ambassador to Russia.

KIRK IS CHOSEN ENVOY

. . . To Moscow Hot Spot

WASHINGTON — (AP) — Vice Adm. Alan G. Kirk today was appointed ambassador to Moscow.

Kirk is being transferred from the ambassadorship to Belgium. He also has been serving as minister to Luxembourg.

At Moscow, Kirk will succeed Lt. Gen. Walter Bedell Smith, who was relieved recently to take command of the First army in New York.

The White House annouuced President Truman's choice of Kirk for the Moscow post.

Kirk, 60, was graduated from the naval academy in 1909 and served in the navy until 1946, when he was appointed ambassador to Belgium.

He Has "Open Record."

As envoy to Belgium-Luxembourg, Kirk has been concerned chiefly with American relations with western Europe and has not been identified with the more violent phases of the "cold war" with Russia.

This presumably figured importantly in his selection for the hottest spot in the American diplomatic service.

It means he goes to Moscow with an open record, from the Soviet standpoint. That might influence the Russians if, as some diplomats anticipate, the Kremlin should decide to negotiate for a real truce in the cold war.

Midget Baseball Fund Now $4,035

The volunteer contributions for Lincoln's Midget baseball program have reached the $2,035 mark. This total plus the $2,000 proceeds from the Jaycee minstrel show leaves a balance of $2,465 which must be obtained for the program. A check from the Lincoln Community Chest for $1,000 was received yesterday which will aid substantially in reaching the goal. Donations reecived today:

Service Medal Presented To Ammon, Vogel

OMAHA—(AP)—Two Nebraska industrialists today held silver medals for "distinguished service."

The medals were presented last night to State Senator Karl E. Vogel of Omaha, former general manager of the Omaha Steel Works, and Charles D. Ammon of Lincoln, president of the Cushman Motor Works.

The presentations were made by Maj. Gen. E. S. Hughes, chief of army ordnance, and Maj. Gen. James M. Gavin, chief of staff for the Fifth army, at a meeting here of the Nebraska Ordnance association.

General Gavin said air power will be the decisive factor in the next war but said wars still will be decided by firepower.

"Industry must give the armed forces an increase in firepower to correspond with their increase mobility," he added.

John Curtiss Is New President University Club

John Curtiss was elected new president of the Lincoln University club at the annual meeting Wednesday noon.

Other new officers are George Cook, vice president; James Ellis, secretary; Emmett Junge, treasurer.

Junge was also elected to a term of three years on the board of directors along with the following other four members: E. U. Guenzel, Ed Walt, jr., Hoyt Hawke and Charles Stuart.

Retiring members of the board are: Lyle Holland, John Lawlor, C. W. D. Kinsey and Byron Dunn.

State School Redistricting Bill Signed

Governor O.K.'s Drunken Driving Blood Test Law

The drunken driving blood test bill, the "home rule" school district re-organization act, and the community property law repeal were among the 17 measures signed into law Wednesday by Governor Val Peterson.

LB 27 creates a state committee for school district re-organization, with similar committees in each county.

Home-Rule Provision.

Under provisions of the measure, the state group may recommend to the county group, but any re-organization must be done by the county committee if approved by a majority of the voters in the area involved.

The community property repeal bill carries the emergency clause and goes into effect immediately. It repeals the law passed by 1947 legislature which allowed husbands and wives to split incomes for tax purposes. (A federal law now in effect permits this).

The blood test bill, LB 88, makes .15 per cent of alcohol by weight in the body fluid presumptive proof of intoxication in drunken driving cases. The bill also reduces the punishment for first convictions from a fine of $100 maximum to $50, and for second convictions from $500 to $200.

College Strike Ends

NEW YORK—(AP)—A week-old student strike at the College of the City of New York ended today.

SISTER KENNY STEPS DOWN—Sister Elizabeth Kenny Wednesday turned over administration of the infantile paralysis foundation bearing her name to Dr. E. J. Huenkens, left, clinical professor of pediatrics at the University of Minnesota. The Australian nurse will remain as a consultant. (AP Wirephoto Wednesday.)

2 Beatrice Women Killed In Collision

Eight Persons Are Badly Injured When Two Cars Crash Head-on Near Cortland

Two Beatrice women were dead and eight other persons injured seriously Wednesday following a two-car collision on highway No. 77 near Cortland, Neb. at 8:04 a. m. Tuesday.

The head-on crash occurred just north of the junction of highways No. 41 and 77 and approximately two and one-half miles south of Cortland, Patrolman I. E. Minary, of safety patrol, who investigated, reported.

The dead were:

Mrs. Clara Hevelone, 56, rural route 4, Beatrice.

Mrs. J. G. Krim, 50, wife of a Beatrice dentist.

6 Seriously Injured.

Injured in the accident and being treated at St. Elizabeth hospital were:

Dr. J. G. Krim, 49, Beatrice, believed to be driver of one of the cars involved, who was reported in satisfactory condition by hospital attendants Wednesday afternoon.

Margaret Krim, 21, daughter passenger in the Krim car, fractured left leg and face lacerations, reported in "satisfactory condition."

Camilla Hubka, 20, Diller, also a passenger in the Krim car, was in "fair condition."

Bonnie Louise Ball, 20 months, Kansas City, Mo., a passenger in the Hevelone car, extent of injuries undetermined, reported in "fair" condition.

Hospital officials said it would be impossible to determine the full extent of injuries suffered by the four persons until a more thorough examination, including X-rays can be made.

Brought To Lincoln.

Being treated at Lincoln General hospital Wednesday were:

Samuel J. Hevelone, 59, of Route 4, Beatrice, in satisfactory condition, suffering from chest injuries and broken right arm and wrist.

Mrs. Elmer S. Hevelone, 36, Beatrice, in fair condition, suffering from compound fracture of the right thigh and lacerations.

Mrs. Carol Ball, 21, of Kansas City, in satisfactory condition, suffering from a dislocated shoulder and lacerations.

Daniel Hevelone, 14, Route 4, Beatrice, in satisfactory condition, suffering from broken nose and chest injuries.

Miraculously escaping serious injury in the tangled wreckage was the 20-months old infant daughter of Mrs. Ball.

Although the story on how the baby got out of wreckage is still not known, Patrolman Minary singled young Danny Hevelone out for praise.

"I don't know how the baby

(Continued on Page Two)

$1,000,000 Payment Made In Settlement Of Hugo Brandeis Will After 37 Years

It has been reported that the long and hotely contested litigation in the case of Brandeis v. Brandeis, involving the will of Hugo Brandeis, who died in 1912, has been finally concluded by the payment early in the week to the plaintiffs in the case, Walter Brandeis and Loyal B. Cohn, of $1,000,000 representing the share of the estate they recovered.

The oral arguments in the District court on the law involved consumed two full days. The District court found in favor of the plaintiffs. The case was appealed to the Nebraska Supreme court and the decision of the Supreme court in favor of the plaintiffs was rendered last November.

This is said to be one of the largest recoveries in a will case in the history of the state.

Plaintiffs were represented by Attorneys Flansburg and Flansburg, of Lincoln, and White and Lipp, of Omaha.

The briefs filed in the Supreme court show the history of the case. Jonas L. Brandeis was the organizer of the Brandeis enterprises in Omaha, including the Brandeis department store. He had three sons, Arthur, Emil and Hugo, and one daughter Sarah. Sarah married Mr. Cohn and she had two sons, Walter Brandeis and Loyal B. Cohn. Arthur Brandeis had one son, J. L. Ervine Brandeis. When Jonas L. Brandeis died he divided the store interests among the sons and gave the other divses to his daughter, Mrs. Cohn.

Hugo Brandeis, who will was the subject of the contest in the case, died in 1912. By his will he had given his interests in the store properties to his two brothers, Arthur Brandeis and Emil Brandeis, but Emil Brandeis went down on the Titanic a short time before Hugo died, and thus did not live to take his share under the Hugo Brandeis will. The Hugo Brandeis will gave a life estate to his widow and the remainder in the share that Emil would have taken had he lived to the lawful male heirs as of the date of the death of the widow. The question in the case was whether the lawful male heirs of Emil would be Arthur Brandeis, who was the sole male heir when Hugo died and therefore the property go entirely to J. L. Ervine Brandeis, his son, or whether the lawful male heirs would be those who would have been Emil's heirs had he lived until the date the widow died in July of 1946.

The Supreme court held that the latter classification was correct and that therefore Walter Brandeis and Loyal B. Cohn were entitled to share together with J. L. Ervine Brandeis in the remainder instead of J. L. Ervine Brandeis taking the full share as the son of Arthur Brandeis, the sole male heir of Emil, when Hugo died.

101-Year-Old Battle Creek Woman Dead

BATTLE CREEK, Neb.—(AP)—Mrs. Elizabeth Martin, 101, died Tuesday afternoon in a Norfolk hospital where she was taken several days ago after being injured in a fall.

She was born June 2, 1847, in Grayson county Virginia, the daughter of Mr. and Mrs. Dudley Hale. She was married there to Joshua Martin.

Mr. and Mrs. Martin moved to Madison county in 1902, locating in the Battle Creek community. Mr. Martin died in 1931 and for the past 17 years Mrs. Martin had made her home with a son-in-law and daughter, Mr. and Mrs. Joseph Bridges, here.

Surviving are three daugnters, Mrs. Bridges, Mrs. Virginia Pierce and Mrs. Jacob Musser, all of Battle Creek. She was preceded in death by her husband and three sons.

Funeral services will be conducted Thursday at the Bridges home by the Rev. W. C. George, Methodist minister

River Duel Causes Heavy Casualties

. . . England's Cruiser London En Route To Scene

SHANGHAI—(AP)—Communist shore artillery today crippled the British sloop Amethyst in the Yangtze river and drove off the destroyer Consort before she could help the smaller vessel.

The helpless Amethyst, with at least 20 wounded or dead among her crew of 148, was aground on Rose island, 60 miles northeast of Nanking, tonight. Not far away swirled the first attacks of the resurging Chinese civil war.

Chinese gunboats were fighting red shore batteries in this area. Apparently communist gunners fired on the sloop and the destroyer believing them to be nationalist warships.

50-Mile Duel.

The Consort, fighting shore batteries for almost 50 miles, reached Kiangyin tonight with 17 of her crew wounded. She was joined by the frigate Black Swan which had doctors and medical supplies aboard.

The British cruiser London was expected to reach Kiangyin at 9 p. m. (7 a. m. CST). Vice Adm. A. C. G. Madden, second in command of the British far east station, is aboard the London. British authorities here said they were unable to contact responsible communist quarters and Admiral Madden would determine his course later.

Fliers out of Nanking witnessed th running duel between the Consort and red shore batteries.

A British naval source in Shanghai said: "I do not know what Madden can do except use force."

Sloop Aground.

Foreign airmen saw the running fight. The Consort was 15 miles below Rose island, where the silent Amethyst lay aground. Rose island is 60 miles northeast of Nanking and 160 miles upstream from Shanghai.

Two more British warships, the cruiser London and the destroyer Black Swan, were reported proceeding to the aid of the Consort and the Amethyst.

(London reported the cruiser London still at sea, expecting to reach Shanghai late today.)

From the air the observers were unable to spot any activity aboard the grounded Amehtyst. Her flags, they said, were still flying.

No Nationalist Firing.

Chinese naval sources, which reported 20 casualties aboard the Amethyst to British quarters in Nanking, denied and shots had been fired by nationalist gunners along the south shore of the river

The foreign airmen, who were not further identified said the Consort, which left Nanking in the morning, may have stopped at the Amethyst to pick up casualties before proceeding downstream toward Shanghai.

Her last given position would put the Consort in the vicinity of Chinkiang, Yangtze hot spot some 150 miles upsteam from Shanghai.

The airmen said no firing was observed in the vicinity of the Amethyst but that smoke was rising from communist positions opposite the island on which the sloop was grounded.

—War In China— GUNS ROAR ANEW

Communists Open Attack At Several Points; Peace Fails

NANKING—(AP)—The dreaded Chinese civil war exploded all along the Yangtze river front tonight.

Communist attacks were started at several points. Gunfire could be heard and for the first time of the war seen from the capital.

Pukow, across the river, was under attack. Kiangpu, on the north bank seven miles southwest of Nanking, was hit. Serious fighting was reported by government sources opposite Wuhu, 60 miles southwest of here. Hsiaokan, 35 miles north of Hankow, was the focal point of the red 43rd army.

A top-ranking nationalist general expressed fear the reds may try a quick landing in this vicinity, trapping nationalist officials in the capital.

Peace Move Rejected.

The general feeling at the moment is that Wuhu is the government's weak point. The river front there provides a good landing area.

Nationalist gunboats stood out in the Yangtze off Nanking firing upon communist troops attacking Kiangpu and other north bank points.

Severe fighting was reported by official sources to have started east of Anking, some 150 miles southwest of Nanking. Another sharp engagement started east of Chinkiang, a few miles northeast of the capital.

A high ranking ministry of national defense source said the red attacks seemed to be directed at

Strike Closes Plane Factory

SOUTH BEND, Ind.—(AP)—A strike of some 7,500 CIO-United Auto Workers halted production at the Bendix Aviation corporation's plant today.

Charles Stasenka, Ex-City Attorney At Wilber, Dies

WILBER, Neb.—(AP)—Funeral services will be held here Friday for Charles Stasenka, 63, former Wilber city attorney, who died in Lincoln Tuesday.

Stasenka had practiced in Wilber for the last 18 years. His death followed a 10-day illness.

Survivors include his widow, two sons, Robert and Andrew, both of Wilber; and three sisters, Louise Stasenka of Wilber; Mrs. James Kudrna of Lincoln and Mrs. J. W. Bowers of Wahoo.

80,000 Copies Of Blizzard Edition Mailed

Mailing of more than 80,000 copies of the Sunday Journal and Star souvenir blizzard edition was complete Wednesday. Post office officials said all copies should be delivered by next Monday at the latest.

Copies were sent to 20 states and five foreign countries. Domestic postage averaged between three and four cents a copy.

A few extra copies are available at The Star office, Twelfth and M. Price is 25 cents each.

A-Bomb Makes N.Y. 'City Of The Past'; Los Angeles Faces A Bright Future

By HOWARD W. BLAKESLEE

NEW YORK—(AP)—New York and Chicago are cities of the past. Los Angeles and Houston are cities of the future.

The two foremost American cities, and many others, are obsolescent because of what atomic bombs can do. The other two are future models because of what A-bombs cannot do.

This is a thesis of Dr. R. E. Lapp, in a new book, "Must We Hide?" He is an authority on both the scientific and military side. He is one of the original atomic scientists.

He says the book is the work of more than one person, and credits many officers and officials of the national military establishment, public health service, atomic energy commission and the national security resources board.

Dr. Lapp thinks many bombs will get through, in war, despite our best defenses. He does not think A-bombs alone will win a war.

He gives one of the first authoritative estimates of an A-bomb on the ground. Its destruction will not be so widespread, because it will be screened by buildings. For this reason he says saboteurs may not plant A-bombs. An additional reason, he says, is danger of detection, which would lead to immediate war and lose the attacking power the invaluable air bomb surprise. Underwater bombs, such as at Bikini, will not be very effective, he thinks, because most harbors are too shallow.

The bomb that makes so many cities in the American industrial northeast obsolescent is the air burst 1,000 feet or more above ground.

Explode one of these, he says, 1,000 feet above Forty-Second street and Fifth avenue, New York. That is almost as high as the top of the Empire State building, the world's tallest, about one-half mile away.

Nearly everyone in the upper floors, says the scientist, would die from the effects of the flash of gamma rays of the A-bomb. At the Empire state's distance 20 inches of concrete would be necessary for the occupants to survive.

The steel structure would stand. But its walls would blow out, and many of the people inside would be blown out too.

The Chrysler and the RCA building of Rockefeller Center would suffer almost equally and in the same way from the gamma ray flash. One of these skyscrapers, he says, may contain as many as 30,000 persons.

Dr. Lapp says an air bomb over Chicago's Civic Opera House would wreck the loop.

"Such cities," he says, "are cities of the past. In an atomic age no nation can afford to present such a perfect target to an enemy."

The vulnerability in American cities lies in their vertical piling up of population. Los Angeles and Houston have not yet gone vertical.

Because of these architectural designs, Dr. Lapp says New York population is 21,000 per square mile, Chicago 16,000, Pittsburgh 12,000; Los Angeles, 3,000 and Houston, 5,000. The spread population does not offer such worthwhile A-bomb target.

Shreck Again Heads Phone Association

Directors Re-Elect Bertrand Man; Roberts For "Realistic Rules"

Neil Shreck of Bertrand was re-elected president of the Nebraska Telephone association at a meeting of the board of directors Wednesday noon.

The meeting of the board followed election of new board members on the last day of the association's 49th annual convention at the Lincoln hotel.

Robert C. Hunt, of Blair, was named new vice president, and George M. Kloidy, of Lincoln, was re-elected secretary-treasurer.

During the morning business session of the association, Shreck and D. M. Davis, Aurora, were re-elected and Gilbert A. Klein, Columbus, was elected to three year terms on the board.

Earlier in the morning, Walter F. Roberts, chairman of the state railway commission, told the association, "The interest of the subscriber must be paramount in every telephone rate adjustment case."

"It has been my purpose in every case coming before the commission during my term to decide it for the consumer," Roberts said.

"So far as I am able to determine, every other commissioner with whom I have served has given the rate payer first consideration."

"Realistic Regulation."

Speaking on "Realistic Regulation," the speaker said "Government ownership could well be an opening wedge leading to socialism or a dictatorial form of government."

"A regulatory body should not attempt to invade the field of management. However, realistic regulation should recognize the problems of management and realize its limitations.

"It should offer management whatever service it may be able to furnish in the interest of economy, improvements or efficient operation."

Rural System Good.

"Comparatively speaking," the speaker said, "we have much of which to be proud, in connection with telephone development and service in Nebraska.

"Our rural telephone development is rated with the highest of the states, with about 65 per cent of all farmers having telephones.

"This compares . . . with the U. S. average of 31.8 per cent with several states running below 10 per cent."

Need Sound Financing.

Also addressing the morning session, A. F. Jacobson, vice president and general manager of the Northwestern Bell Telephone company, Omaha, said "The greatest challenge to the telephone industry . . . is that we keep our telephone companies financially sound and in a position to continue their progress and the scope and value of the (telephone) service."

"Unless telephone rates are adequate, the (telephone) industry will not be in a position to compete on favorable terms with new capital."

Inadequate earnings, the speaker declared, resulting from inadequate telephone rates "can only lead to the advance over the long pull becoming less than adequate."

Quoting R. J. Hopley, Northwestern Bell Telephone president, Jacobson said accomplishments show that the telephone industry is fully capable of providing good telephone service to all farms and ranches and that legislation in this field is not required.

Leon F. Roberts, general representative of the Gary Group, Chicago, and a director of the United States Industry Telephone association, addressed the group on "A New Concept of Public Relations."

Calling the independent telephone industry the greatest example of the free-enterprise system, Roberts said "we've got to join with other industry in really selling the American public on the free-enterprise system."

Senator Earl Lee also addressed the group on "The Legislature in Action." Mal Hansen, farm service director of radio station WOW, Omaha, spoke on "Flying Farmers Take a Look at Europe."

A panel discussion led by V. Bellows, Blair, was held on "Telephone Accounting Problems."

No Stolen Bases Just "Hub Caps"

"Stealing" at a ball park is normally limited to the base paths, but not so at Tuesday night's opener at Sherman field.

No bases were stolen but four hub caps were. Ralph Smith, 1818 South Twenty-sixth, reported to the county sheriff's office that the hub caps from his new car, parked near Sherman field, were taken.

$60 Fine Is Given On Driving Charge

Allen B. Linden, 39 year-old mechanic, 2210 D, Wednesday pleaded guilty in Municipal court to a city charge of drunk and driving and was fined $60 and costs with his drivers license suspended for a period of six months.

According to police reports, Linden was arrested Tuesday afternoon following a complaint made by a motorist. Investigating the complaint police observed Linden's erratic driving and he was arrested at Tenth and D streets.

Girls' Glee Club Sings At Northeast

Northeast high school students heard the Nebraska Wesleyan university girls' glee club Wednesday morning in a musical convocation at the school.

The 25-voice group opened the program with four songs, "Lo, How Rose," "Beautiful Saviour," "O Bone Jesu," and "The Lord Is My Shepherd."

The vocal solo, "A Love for the Day," was sung by Miss Jackie Harrison, accompanied by Miss Marjory Gorst. Miss Jennie Wallace played a piano solo, "Devil's Amusement."

A medley of Victor Herbert numbers was given by the girls' trio, Miss Jean Hill, Miss Jackie Harrison, and Miss Carol Wenger, accompanied by Miss Marcia Jones.

Miss Ruth Lenhart gave several readings followed by a Mexican number by the glee club and trio. The glee club then concluded with five numbers.

Bob Starr was master of ceremonies. Miss Mary Louise Holden directed the Wesleyan group.

NORMAL SCHOOL BILL

(Continued from Page One.)

"bankrupt" church colleges in the state, Sen. Willard Wilson, Holdrege, stated, "Wesleyan university is the second largest church college in the state and it is in the same city as its largest competitor, the University of Nebraska."

"Go 100 miles west and you have reached the last liberal arts college in Nebraska," he stated. "The students in the west part of the state should have the same rights as the ones in the east."

Senator Victor Anderson, in opposing the bill, said the board of normal schools is not satified with the present bill and is going to attempt to introduce an amendment asking that the schools be allowed to grant bachelor of science degrees as well. Sen. Tom Davies said he understood that a similar amendment is to be submitted.

Cites Authority.

Sen. John Callan, Odell, stated, "as chairman of the budget committee, I am convinced this bill will not increase our costs. The normal school presidents said before the committee that it would not cost more and the statement was not challenged by Sen. Anderson or any other member of the committee."

Sen. Metzger, in his closing argument on the motion to kill, stated, "let the normal schools get the North Central association to investigate their facilities to determine if they are qualified to give this degree, and then let them come to us for authority."

"This bill sets us up as a constitutional convention since the state constitution provides for a board to control 'normal' schools," he stated. "In this bill the legislature is also setting itself up as the North Central association because we are determining whether the schools are qualified to grant the degrees."

May Vote Is Key To Guard Status Here

Henninger Reports; 99-Year Lease At Airbase Is Sought

Action taken by Lincoln voters at the May 3 election will have a very definite effect on the future of the Nebraska National Guard facilities in Lincoln, Brig. Gen. Guy N. Henninger, state adjutant general, said Wednesday.

On the May 3 ballot will be a proposal to grant the state a 99-year lease on property occupied by the guard at the municipal airport. At present, the state has a 25-year lease on the area granted by the city council. However, under the city charter, the council is without power to lease city property for more than 25 years.

The area in question is in the northwest section of the field, Gen. Henninger said, where the National Guard warehouses, motor pool, tank area and motor maintenance shops are located.

He stated that the area is some distance away from the airport area, and does not interfere with operations of the municipal airport.

New Building Planned.

Gen. Henninger said the question is of immediate importance since the guard plans to construct a new motor vehicle storage building in the area and enlarge and rehabilitate the present vehicle maintenance shop. However, although the National Guard bureau has made 100 per cent federal funds available for the construction, the secretary of defense has ruled that no building can be erected unless the state owns the property or has a 99-year lease.

The general said the money made available would be lost at the end of the current fiscal year, June 30, unless construction has started by that time. He stated that the scheduled construction is only for the near future, and other construction will be scheduled later.

$420,000 Payroll.

"If the voters approve the lease, the construction, which will amount to approximately $200,000 will go ahead immediately," the general said. "If the lease is not approved, the construction will have to be done in some other location."

He said the guard in Lincoln has a federal payroll of $420,000 a year, but part of these employes would leave Lincoln if the lease is not granted and the facilities constructed in another location.

Gen. Henninger stated that the U. S. Engineers have the plans and specifications for the immediate construction practically completed. He added that he may send out bid invitations for the construction in anticipation the voters will approve the proposal.

CHINA AGAIN AT WAR

(Continued from Page One.)

all nationalist positions on the north bank of the river. There are only a few nationalist pockets left on the north bank.

Earlier Premier Ho Ying-chin told the Chinese parliament the government had rejected red peace proposals in their present form.

Terms Too Severe.

Ho told the legislators that the communist plan would not provide for lasting peace, a member disclosed after the secret parliament meeting. The legislator quoted Ho as saying the terms were those laid down by a victor.

The premier stressed the fact that the red terms were not in keeping with efforts of the government to seek peace.

Ho indicated that the basis for the government rejection of the red terms was more general than simply an objection to a river crossing.

Observers on the Nanking river front said they saw a number of fires about two miles west of Pukow.

Communist shells burst on the north bank of the Yangtze. Wharves along the river front there were heavily shaken by the firing.

There was intense troop activity throughout Nanking. Soldiers were marching up to the river front.

Along the river troops were digging trenches and other earthworks.

2 KILLED IN CRASH

(Continued from Page One.)

got out of the wreckage, but when I returned to the patrol car, Danny was there holding the baby," Patrolman Minary said. At the time, the 14-year-old youth was suffering from a broken nose and chest injuries.

Meanwhile, in piecing details of the accident together, Patrolman Minary made this report:

The car driven by Dr. Krim was going north and the Hevelone car was traveling south at the time of the accident. It is believed that each driver, apparently failed to see the other car.

The impact hurled the body of Mrs. Hevelone from the car while Mrs. Krim was pinned in the other car. Both women, according to witnesses, were riding in the front seat of their husbands' car.

Four ambulances and two wreckers were rushed to the scene of the accident which is approximately 23 miles south of Lincoln on Highway No. 77.

The dead were taken to mortuaries in Beatrice.

The Hevelones, together with their daughter, Mrs. Ball and youngster, their daughter-in-law, Mrs. Elmer Hevelone, and their son, Daniel, were en route to their home near Beatrice at the time of the crash. They had spent the day in Lincoln.

The Krims were traveling to Omaha, taking their daughter, Margaret, and Camilla Huoka to Duchesne college where both girls are enrolled.

Funeral arrangements for both Beatrice women are pending.

Lincoln Relatives.

Mrs. Hevelone's survivors include her husband; Samuel J.; four sons, Elmer, Beatrice, Delbert and Ivan, both of Lincoln, and Daniel, at home; three daughters, Mrs. Ball and Mrs. Clarissa Schroeder, both of Kansas City, Mo., and Mrs. Dean Saul, Groom, Tex.; her mother, Mrs. Clarissa Hapley, Alma; two brothers, Friend Hapley, Alma, and Herbert Hapley, Starr, Ida.; and five sisters, Mrs. Thelma Perkins, Lincoln, Mrs. Goldie Scott, Kansas City, Mo., Mrs. Mary Clark, Fort Collins, Colo., Mrs. Pearl Bryant, Kelso, Wash., and Mrs. Elsie Jansen, Wichita, Kas.

Surviving Mrs. Krim are her husband, Dr. J. G.; her daughter, Margaret; and her parents, who reside in Iowa.

The deaths bring Nebraska's 1949 highway fatality toll to 43.

RUSSIAN SPHERE PLANS POLISH FAIR

POZNAN, Poland—(AP)—Sixteen countries and the Soviet zone of occupation in Germany have announced they will participate in the international fair here April 23 through May 10.

The Polish foreign ministry announced exhibits are coming to this western Polish city from the Soviet Union, Czechoslovakia, Bulgaria, Hungary, Albania, Romania, Sweden, Finland, Denmark, Norway, Netherlands, Great Britain, Switzerland, France, Italy and Austria.

Exhibits from the Soviet zone in Germany are to be displayed in Poland for the first ime since the war ended.

ALL ARE CORDIALLY INVITED

NEBRASKA CELEBRATES ARBOR DAY THIS MONTH

54 years ago this month Nebraska was proclaimed the Tree Planter state. This resulted from the state's unusual interest in tree planting, culminating in our famed April 22d Arbor Day.

* * * *

Another thing for which Nebraska is noted is the unusually high percentage of tavern license renewals —about 99% last year.

1949 licenses are up for renewal next month. It is your privilege as a citizen to report any law-violation cases of which you know. You may appear at the public hearings or mail your protest or criticism if you feel one is warranted. Your support will be appreciated.

Getting At The Angles

Two weeks ago the voters of Lincoln spoke—by a comparatively close margin, it is true—on the subject of parallel versus diagonal parking.

Two weeks later, minus a day, the Lincoln city council referred the technical matter of determining the proper parking angle to the Lincoln traffic commission.

We are not arguing the merits of parallel parking or diagonal parking.

Those who subscribe to majority rule, determined in a legal, regularly conducted city election, will recognize that the case was closed by a directive from a majority of the voters for a return to diagonal parking.

We assume there are some problems of a technical or financial character involved in the changeover.

Once again there is to be seen a reason, however, why the voters refuse to give the city council more money or more authority. We have too many experts, too many advisory groups, too many committees, hard-working, public spirited and earnest though they are.

Doc. Miller's "Calm Reason"

So infrequently does Rep. A. L. Miller of Kimball cast a vote or say anything on the floor of congress to arouse enthusiasm in this column that it is a real pleasure to note his discussion of war talk in Washington. The Nebraskan charged that a military-dominated inner circle uses every trick to keep congress and the public stirred up over every incident in Europe.

Across the Atlantic, Representative Miller said, few in Europe who are in high places seem concerned or alarmed over the prospects of an immediate clash, but here in the United States 'we do have considerable mass hysteria."

Brother Miller can hang onto that theme for several speeches. We do have outbursts of mass hysteria, all so well meant, and all so foolish, it would seem. The Nebraska unicameral was considering its longest, most complicated bill, a measure covering nearly 150 typewritten pages. It recodifies the state school laws. Into it was written an amendment that every school board shall appoint a three-member committee on Americanism to approve textbooks on history and government, assure themselves of the character of all teachers employed, and generally arrange the curriculum so that the love of liberty, democracy in America be instilled in the heart and mind of the youth of the state.

It would be difficult to see where anyone could have an objection to the amendment except that it is silly, hysterical, an echo of mass hysteria. If school boards do not satisfy themselves now as to textbooks and as to the character of teachers they deserve a kick in the pants. Possibly there may be some merit to the proposal if it forces board members to read a little history and a little government; or for that matter why not make it apply to all of us?

Early Ratification

A record wheat acreage, offset in some of the winter wheat growing states by winter killing, a development currently reported in the news dispatches from eastern Nebraska counties, directs attention to the new international wheat agreement submitted to the United States Tuesday by President Truman, with a plea for early ratification.

In the 80th congress Mr. Truman had no luck.

A similar international agreement to stabilize wheat prices over the next five years was kicked around unceremoniously, with the result that the American wheat grower now is confronted with a new pact less favorable to him than the one which congress permitted to die through inaction.

The new pact, signed by the United States and 41 other nations after 57 days of negotiation, nevertheless does provide a tempting export market for American surplus wheat. Under it three nations, the United States, Canada, and Australia, commit themselves to supply 500 million bushels of wheat annually for the next four years, starting with a base price for the wheat-importing countries of $1.80 a bushel.

We have been producing since the early war years more than a billion bushels of wheat each year. Even with reports of loss of a portion of the acreage for the harvest of 1949, the prospects still point to a record or a near record yield. The domestic needs of the United States prior to the war were computed at around 650 million bushels, which left us with an exportable surplus at that time of an approximate 350 million bushels. That exportable surplus available to countries needing wheat is larger, due to the increased acreage and the increased production. The opposition to the international wheat program stems largely from the grain interests. They conducted a vigorous fight against ratification in the 80th congress. Their attitude at this time has not been disclosed. But the wheat pact should be ratified, and without delay.

It is of vital concern to the wheat growing states west of the Missouri, including Nebraska.

For What It Is Worth

The admirable New York Times comes forth with a new survey covering one of America's present headaches. It says that public school buildings in the United States are in a deplorable condition, millions of children are housed in facilities that are obsolete, potential firetraps, inadequate. It reports that 82 per cent of the nation's school buildings are no better than "fair to poor"—the remainder, or 18 per cent, only "good."

Among the factors listed by the Times as contributing to a need for a vast school building program estimated to cost 10 billions in the next 10 years are an increased birthrate, a suspension of all construction during the war years, and finally high construction and labor costs in the postwar years, deferring and retarding necessary development.

We may be running out of jobs, or better running out of revenue to do things that are crying for the doing, but most of all the Times survey reminds all of us that in America the task never is finished. There never is a year or a month when we can sit back and say that the chores have been completed.

Off For Europe

Gov. Tom Dewey twice has sought the presidency, twice has failed, but still finds it impossible to make a move of any kind without being charged with political motives. He will leave shortly for a European trip on what he describes as a holiday and a much-needed rest. We hope he gets it.

HOW MUCH FOR THE MONEY?

To what extent Gov. Val Peterson succeeded Tuesday in clarifying the atmosphere, in the hope of legislative action looking to a Nebraska highway program, is uncertain. After the governor had submitted a special message the Associated Press representatives said legislators were loath to comment although Speaker Earl Lee was reported as having said that the Nebraska chief executive apparently was trying to pass the buck.

★

A state highway program, we take it, is not a responsibility solely of the governor, the legislature, or the state department of roads. It is everybody's burden. In the rural areas the cry is to be lifted out of the mud. In the city the demand is that paving, which has taken its worst beating in many years during an exceptionally severe winter, be repaired or replaced. In both farming regions and in the towns and cities the plea is for better primary roads to serve all the people of Nebraska.

★

If pointing to mistakes that have been made is primarily for the purpose of availing them in the future, or getting more for every 100 cents of road money spent, fine and good. Nebraska made mistakes, we assume, in building roads through the period from 1917 to 1949. Some money was poorly spent, undoubtedly, or if the word pleases critics better, "wasted" in that period of time. Poor materials possibly in some cases, faulty engineering possibly in others, unfortunate choices for the location of roads, and other errors of human character have occurred. **We still think that from 1917 to 1949, Nebraska got more value per dollar spent than any state in this region. Instead of going into debt recklessly, instead of bonding ourselves up to the hilt, instead of doing a lot of things other neighboring states did, Nebraskans followed a prudent course and in spite of all the cries of waste got her money's worth for what she spent.**

★

If the governor is passing the buck, then why not say that the legislature is also passing the buck? If the legislature is passing the buck, then why not say that the governor is also passing the buck? Where does any of this get us?

★

We never have talked over five minutes with Fred Klietsch. Whenever we asked for information he seemed to know what we were talking about, was able to get it without delay. We think Mr. Klietsch knows just about as much about roads as those now criticizing him. He has given his life to building highways. We think the highway department under him is not perfect, or foolproof against mistake, but we think it is efficient, conscientious, competent.

★

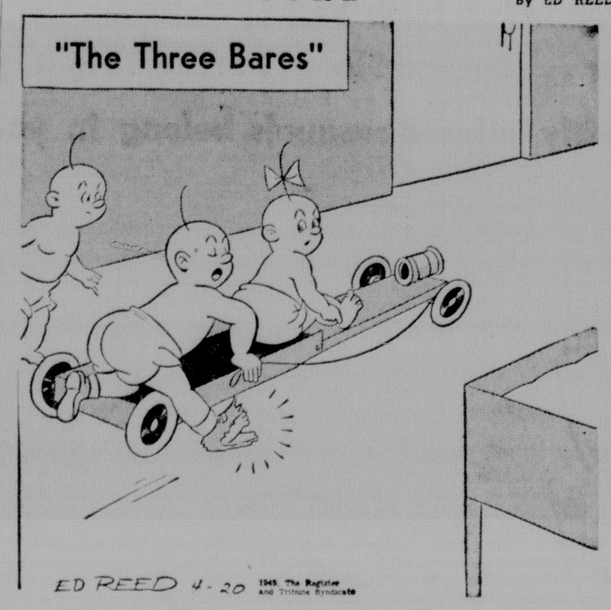
The atmosphere provided for this talk of buck-passing is not very difficult to analyze. The trucking interests of this state, at least some of them, are opposed to an increase in license fees for trucks, and to an increase in the gasoline tax. The petroleum industry, or a part of it, is against an increase in the gasoline tax. Some farm leaders are playing ball with these two groups to all outward appearances. So the talk is that there is adequate money to build the roads Nebraska needs—by taking away from some and giving to others—by reorganizing the highway department—by doing anything or everything except looking the facts squarely in the face.

★

We need more money both for the state primary system, and farm to market roads. We cannot build highways today at the cost that we constructed them 10 years ago. There isn't a single living individual who can get the same materials or the same amount of labor at the same cost of 10 years ago. We need more money and we can get more money by raising automobile and truck license fees, to be divided between the state, the counties, and the cities. We need more money and we can get more money for the state system by approval of a temporary use stamp proposal. We need more money and we can get more money by raising the gas tax a cent a gallon, all of the added revenue to go to the state system. We need more money to gravel the roads in front of the farmers' land—more money than the Schroeder law provides—and we can get a million dollars more a year for that purpose by freezing gasoline tax refunds now dished out to less than 28 thousand among more than 80 thousand farmers. It is that simple and that direct—if Nebraskans want roads. And if Nebraskans want roads badly enough to do that, how filled with pride they will be 10 years hence. They will have done a real job.

OFF THE RECORD

By ED REED



"We'll hafta postpone our trip, Anne, my brakes are all shot!"

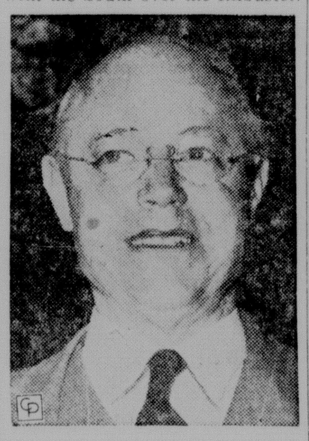
The DAILY WASHINGTON MERRY-GO-ROUND

TRADE MARK REGISTERED

By DREW PEARSON

WASHINGTON.—The republican national committee has sent out a frantic warning that, unless the GOP acts quickly to offset the bad publicity over its alliance with the Dixiecrats, it may jeopardize the re-election of three stalwart republicans—Taft of Ohio, Capehart of Indiana, and Donnell of Missouri.

The GOP national committee also is pleading with senators to sign a cloture petition limiting debate on civil rights when it comes up again. All 42 republican senators must sign, the committee warns, to show their good faith for their previous compromise with the South over the filibuster.



AMONG THOSE whose re-election may be jeopardized by the republican alliance with the Dixiecrats, in the judgment of the republican national committee, Pearson says, are three stalwarts, including Bob Taft of Ohio, (above) Capehart of Indiana and Donnell of Missouri.

This would leave only 22 signatures for the democrats to round up—which, the committee predicts, the democrats would have trouble getting. If the republicans contributed twice as many signatures as the democrats, the GOP committee reasons, the blame for failure to act on civil rights will fall directly on the democrats.

• • •

So far, the national committee admits, the republicans have taken a beating in the press for their compromise on the filibuster. As an example of Negro reaction, the committee cites the editorial bitterness of the Afro-American, a leading Negro newspaper which hitherto always has supported the republican ticket.

"We made a grievous mistake in supporting the re-election of a republican congress," declared the Afro-American after the republican-dixiecrat deal. "Twice in the past week have the actions of the republicans in the senate showed us how grievous was our error."

• • •

The committee points out that most newsmen believe it is impossible to muster the necessary 66 signatures to shut off a civil-rights debate, as required under the compromise agreement. That is the reason the committee urges every republican senator—to a man—to sign the gag petition.

Not only will this save the re-election of Taft, Capehart and Donnell, argues the national committee, but it will cut into the democratic vote in Kentucky, California, Illinois, Connecticut, Pennsylvania, Oklahoma, Maryland and New York—where there is a heavy Harlem ballot.

NOTE: The letters sent out to GOP senators by the national committee were signed by Val Washington, himself colored. He is assistant to national GOP Chairman Hugh Scott.

• • •

Sen. Millard Tydings, the dapper democrat from Maryland, was bustling around the senate floor the other day as if conferring on matters of state. He hustled from one senator to another, whispering earnestly. The truth was, he was trying to get rid of some free tickets to the race track... Speaker Sam Rayburn has been proudly displaying a cashier's check for $40,000 which he raised for the democratic party during a Jackson Day speaking tour of Texas. That ain't hay...The editors of Saturday Evening Post consider Minnesota's boy-wonder, Sen. Hubert Humphrey, as a presidential prospect, have assigned feature writer Rufus Jarman to write a detailed profile—to be published probably in two articles.

• • •

In a bid for democratic unity, party leaders threw a private dinner the other night for freshmen congressmen and turned on the soft soap.

Sen. J. Howard McGrath, democratic national chairman, blamed the republicans for all the trouble over civil rights.

"The republicans are to blame," he crackled, "because they formed a coalition with the Dixiecrats to block a change of senate rules."

The purpose of this, he said, was to "prevent passage of the civil-rights program."

Pep talks were also given by House Majority Leader John McCormack and Speaker Sam Rayburn who declared that the republican party is "split worse than the democrats" and called the democratic party the "party of understanding."

• • •

President Truman, who was suntanning in Florida while his supporters took it on the chin in congress, will not repeat this again soon.

His new policy of sticking close to Capitol Hill was made clear recently to West Virginia's two democratic senators—Harley Kilgore and Matt Neely—who invited the president to attend a forestry festival in West Virginia next October.

"Until this congress gets its work out of the way," Truman replied, "I'm going to stay here and fight for my program."

He intends to do this by personal contact with senators and congressmen, he added, and this will have first priority over all other engagements.

• • •

Charming Cornelius Vanderbilt Whitney, kicked upstairs to become No. 2 man in the commerce department, left a mess behind in the Pentagon that will take weeks to straighten out. As undersecretary of the air force in charge of the reserve program, Whitney neglected his duties. The once champion polo player spent too much time playing golf and attending parties when he should have been at his desk. "Sonny's" promotion to the commerce department was a reward, not for what he had done but for what he had given—to the democratic campaign fund.

Congressman Rogers of Florida has reprimanded Secretary of State Acheson for not opening the North Atlantic pact-singing ceremonies with prayer. In a letter to Acheson, Rogers pointed out that the pact was signed in the hope of keeping peace, yet no appeal was made to the Prince of Peace.

• • •

The Italian communist party is in serious financial trouble. Inside reason is that Moscow has drastically curtailed the money it has been pouring into Italy to finance communist operations. Italian communist leaders are boiling mad because they believe the money that once came to them is now going to the French communists . . . The American embassy reports the Italian communist party, once the world's largest, has lost some 600,000 members in the past four months.

• • •

The man who really killed a $3,000,000 appropriation for an Independence National Historical Park in Philadelphia, where the liberty bell and other historic objects would be enshrined, was freshman Representative Foster Furcolo, democrat of Massachusetts.

Gist of Furcolo's objection was: "We need houses for the present more than monuments for the past."

Furcolo debated against the entire Pennsylvania delegation, both democrats and republicans. He claimed: "There are more important things for this congress to consider and I cannot sit idly by and see $3,000,000 or $300 or 300 cents being appropriated for a project such as this, regardless of tradition.

• • •

"It is not enough for us to think here of what has been done in the past (while) we have hundreds of thousands of men who are looking for homes.

"What we have to do right now, before we spend one penny for Pennsylvania or for the repair of this chamber, is to provide money for housing those who do not have homes in America."

A good many congressmen didn't agree with Furcolo, but afterward House Appropriations Chairman Clarence Cannon of Missouri wrote him: Only your timely and convincing argument prevented the passage of the (Park) amendment. I do not recall a finer or more effective intervention in house debate in many years."

JUST FOLKS

By EDGAR A. GUEST

DIAMOND AND MAN.

The diamond perfect seemed to be,
Without a single flaw.
The expert looked and said that he
Some imperfections saw.

Said he: "This stone I cannot pass.
'Tis not the perfect kind!"
But he had used a powerful glass
Each little fault to find.

Oh, when on men the Lord must pass
His judgment, can it be
That He will use a powerful glass
Each hidden flaw to see?

And since unto the souls of men
Perfection seems denied,
Will all our little failures then
Be found and magnified?

(Copyright, 1949, Edgar A. Guest)

THE PEOPLE SPEAK

SAFER FOR CHILDREN.

Bingham, Neb.

To the editor of The Lincoln Star: We weer all deeply disturbed about the fate of little Kathy Fiscus. Our radios brought us the latest reports regularly and we appreciated it—during this time the news of the world was almost blotted out. It is wonderful to live in a nation that shows such great sympathy, the men who gave their labor at such great personal risk and those that sat in their homes praying. To me there is something inconsistent in a nation that will show the above spirit while building up a stockpile of atom bombs that may kill hundreds of thousands of little Kathys. If only we and other people of the world now, seemingly, building toward a senseless war would develop the same attitude toward all little girls we would put our military men in their proper place and proceed to make the world a much safer place for children. We might go so far as to sympathize with a Russian family who had lost a little girl by some unusual accident. At present any feeling for such people naturally is branded communistic. Shades of Tom Paine!

EARLY NEBRASKA STORMS.

Lincoln, Neb.

To the editor of The Lincoln Star: In a recent column you told of storms in Nebraska around Easter time. Perhaps the heaviest snowfall of Central Nebraska occurred on Easter Day of 1873. The few pioneer settlers in the North Loup valley lost practically all their stock which generally consisted of a cow and a team of oxen. At our home the cow was brought into the sod house and saved but the oxen were crushed under the weight of the falling straw roof of the log stable. Captain Munson had left his winter camp near Elba to make a scouting trip in quest of a site for an Indian outpost, later established at Fort Hartsuff, was caught with his cavalry troop near the present site of Loup City and lost nearly all of his horses. April 10, 1913, a heavy sudden snow stalled a Union Pacific train all night between Ord and North Loup. On May 1, 1908, a circus train was delayed near Scotia and could not make its date at Ord. On Decoration Day of 1897 Manderson celebrants could not return from Sargent on account of snow that came with a south wind and drifted heavily toward the north. Yet a rugged people, made virile by meeting such trials of wind and weather, have survived to foster a civilization that later Nebraskans accept as a matter of course.

NURSES' TRANSPORTATION PROBLEM.

Lincoln, Neb.

To the editor of The Lincoln Star: A great deal has been said about the inconvenience to people using the Lincoln bus lines. I would like to bring to your attention a situation that is really critical in the nursing profession. Nurses who are obliged to reach Bailey's, Bryan Memorial, Lincoln General, Lincoln State, St. Elizabeth and Veterans hospitals are at a great disadvantage when it comes to serving their patients with any degree of efficiency. First of all, there are no cross-town buses which make it possible for a member of the nursing profession to reach the outlying hospitals in less than one hour, even though it is an emergency call. The only alternative is to resort to an expensive means of transportation, such as taxis, which are not always available. Many buses scheduled to outlying hospitals run only once an hour. There is a shortage in the nursing profession today, and one of the primary reasons for the lack of nurses at outlying Lincoln hospitals is a means of adequate transportation. There are specific instances which could be related where patients actually have suffered due to the inability of nurses being able to reach these hospitals in a normal amount of time.

RUTH NEWBERG, R. N.,
Chairman, Transportation Committee, District No. 3 Nebraska State Nurses' Association.

ITS OWN CRITICISM.

Alexandria, Neb.

To the editor of The Lincoln Star: In these columns there recently appeared a sharp criticism of LB 27 written by me. Much of it was erroneous since it properly applied to the bill proposed by Henzlik and Chisholm. I thought mistakenly that LB 27 was identical with the bill proposed by them. Three things contributed to this mistake. Neal S. Gomon, who hotly championed the Henzlik-Chisholm bill, was hotly championing LB 27. I never dreamed his warm devotion to the one bill could be so easily transferred to another. Then the newspaper comments led me to believe the bills were the same. Finally the supply of sample copies of LB 27 being too quickly exhausted, I could not get a copy until now. So my criticism contributed not to clarity, but to confusion. I am abjectly sorry.

LB 27, just passed, deserves its own criticism. First, it provides that a huge amount of work be done by county committees and then provides that the members thereof shall receive no pay. Second, picture this hypothetical case. A citizen, anxious to emulate the landed gentry of Europe, buys up thousands of acres next to a present high school district and evicts all residents thereon who will not be his faithful stooges The county committee thinks part of his estate should help support the high school district it adjoins. It does the spadework which the bill requires and an election is held. Every single voter in the present high school district votes for the plan. The aspiring "lord" repairs to his separate polling place. His one vote is all that is necessary to squelch the plan. A second or third election may be called by the committee. If the vote comes out the same way the plan is dead. Bad as this situation is, if the aspiring land owner buys his land, sets up his ducal estate just across the county line from an existing school district, the county committee, fenced in its own county by LB 27, is not allowed to so much as recommend a change that can affect him.

MINERAL RIGHTS TO THE STATE.

Lincoln, Neb.

To the editor of The Lincoln Star: I have been reading the news reports of the discussions relating to the proposal to sell Nebraska's school lands and invest the proceeds. I am thinking particularly of what would happen should oil be discovered under any of these school lands now held by private indi-

(Continued on Page Six)

WASHINGTON CALLING

by MARQUIS CHILDS

WASHINGTON — Out of Berlin are coming ever broader hints that the Russians are looking for some way to lift the blockade of the U. S.-British-French sectors of the city. Naturally they would like to find a formula that would avoid public confession of failure.

Marquis Childs

American policy, in my opinion, far from resisting these efforts, as sometimes seems the case, should do everything possible to help them along. The remarkable success of the Berlin airlift checkmated the Russian move to drive out the western allies. At the same time it was a tremendously effective demonstration of U. S. air power.

Today there are urgent reasons —both practical and ideological—why the airlift should be ended. That is another way of saying it is urgent to find a mutually satisfactory formula for lifting the blockade.

• • •

On the practical side, the air force has had more than enough of what has long since become a burdensome routine assignment. They have proved everything they set out to prove, including the demonstration the other day when 12,940 tons were carried in 24 hours, that more could be transported by air than was ever moved by rail before the blockade.

In spite of the remarkable safety record set by the airlift, there have been losses. These losses loom particularly large in view of the weakness of this country in transport planes. The latter have been seriously neglected both on the commercial and the military side.

• • •

Most of the air force's transport planes are on the Berlin airlift. Not long ago the air force allocated $39,422,000 for 23 Boeing strato-freighters to replace some of the worn-out C-54s that have made a total of 116,277 flights since last June 26, hauling 1,057,725 tons.

Under intensive maintenance the C-54s have a useful life for the airlift of 8,400 hours. Maintenance is costly in an increasing ratio as the lift goes on.

In hauling coal, for example, dust sifts into the fabric of the plane and abrasion becomes a problem. The cost is no small item. The total to March 25 was $137,904,200. But as the budgeteers figure it, considerably more than half of this would have been spent for salaries, upkeep and so on if there had been no Berlin airlift.

• • •

The famous Churchillian phrase about the airlift demonstrating that we could stand on our head while Russia sat in an easy chair applies more than ever today. Standing on one's head for an indefinite time induces paralysis or worse.

The case from the ideological point of view is, if anything, more urgent. It is becoming far too easy for Moscow to document its charge that the United States is engaged in a warmongering campaign with the ultimate aim of aggression against the Soviet union.

• • •

The Soviet propagandists get all-too-much assistance from the kind of irresponsible raving that Rep. Clarence Cannon of Missouri gave forth with on the floor of the house last week. Cannon talked about plans for raining down atom bombs on every Russian city. All that Moscow had to do was to broadcast what he said without any additions at all. During coming weeks when the pact and the administration request for arms to implement it are being drafted, we will hear a lot of that kind of talk. The emphasis will be on arms and security and how much the U. S. can afford to spend.

If this is coupled with what appears to be U. S. rejection of Russian overtures to end the blockade, then this country will be outmaneuvered in the cold war. It will seem to the world as though U. S. policymakers had no alternative for a divided Germany and a divided world.

• • •

The profound fear in western Europe is of another war, another invasion, and another occupation. The influence of the U. S. thus far has rested on the belief that American policy is aimed at preventing a war and securing the peace, as in its broad aspects it is.

If that belief is undermined by what it did and said here, then communism will have an opportunity it has not had thus far. The communist bogey of Uncle Sam as an imperialist warmonger has frightened almost no one not already immersed in communist doctrine. Let's not give the Russians the chance to prove that that bogey has any reality.

Students Must Wage Endless Peace Battle

. . . Says Gustavson

LAWRENCE, Kas.—(INS)—Dr. R. G. Gustavson, chancellor of the University of Nebraska, declared yesterday that students, scientists and scholars must wage an unending campaign to bring peace to the world.

Dr. Gustavson addressed the 26th annual honors convocation at the University of Kansas in Lawrence and told the students:

"It is your duty to use the talents for which you are being honored to solve the great area of darkness that is war. It is your problem to punch holes in that darkness."

Hopeful Sign.

The Nebraska educator said there is a hopeful sign because America is sharing her wealth as never before." He continued:

"We are reaching a world in which we recognize the worth of the basic dignity of mankind Mankind all over the world is beginning to recognize these things"

Science has conquered many diseases, he said, and agriculture has succeeded in increasing the world's supply of food. But with these gains, Dr. Gustavson went on, came the development of science which can wipe out any progress that has been made.

Olivia De Havilland, Ill For Two Months, Improving In Health

HOLLYWOOD—(AP) — Olivia De Havilland, ill in bed more than two months and expecting a child in August, is improving in health, her doctor says.

The 32-year-old actress, wife of Novelist Marcus Goodrich, was ordered to take a complete rest when she became seriously ill. Dr. A. M. McCausland said she should bear her baby normally.

More Than 200 See Urban League Spring Style Show

More than 200 attended the 16th annual Urban League spring style showing of women's and children's clothing Monday night at the league building, 2030 T street. A spring garden provided a background for the show in which more than 50 took part.

In addition to fashion showings, the program included a skit by Girl Scout Troop 21 and miscellaneous numbers by William Butcher, Elbert Starks, Gardner Brown, Mrs. Gladys Moore, Eloise and Vonna Finley, Weiland Tarpley and Eugene Graham.

George Riley was master of ceremonies. Mrs. Erma Shepard and Mrs. Katherine Patterson were in charge of the program.

Nitric acid is produced in stainless steel vats. Chemical engineers say the acid has no corrosive effect on this metal.

DR. WISE . . . spent lifetime preaching peace and tolerance.

Body To Lie In State; World-Famous Rabbi Led Fight For Israel

NEW YORK—(AP)—The body of Dr. Stephen S. Wise, world-famed Jewish leader and militant defender of liberal causes, will lie in state today at the Free Synagogue which he founded 42 years ago.

The noted, 75-year-old rabbi, who spent a lifetime preaching for peace, freedom and tolerance, died late yesterday at Lenox hospital.

He had undergone an operation early this month for what the hospital called a "malignant stomach ailment."

His body will remain in state through tomorrow. Funeral services will be Friday in Carnegie Hall.

Death of the crusading rabbi, who was president of both the American Jewish Congress and of the World Jewish Congress, stirred sorrow around the world.

Thousands — including those with whose opinions Wise had sometimes clashed — messaged their grief and affections.

A pioneer of many progressive movements, Wise was a central figure in the long battle for establishment of a Jewish homeland in Palestine.

From rostrums here and abroad and in the hearing rooms of lawmakers, the blunt, outspoken rabbi fought in behalf of civil rights, labor welfare legislation, racial equality and world unity.

In recent days, he had become deeply troubled by the trend of international relations. He said it appeared that this country's leadership was bent upon war rather than peace.

He strongly criticized Soviet policies, but said the alternative war would be the "tragedy of tragedies."

"I am going to speak for peace," he said on his 75th birthday a month ago, "until my dying breath."

Wise's humanitarian endeavors brought him the respect and admiration of Jews and Christians alike.

Members of both faiths flocked to his "Free Synagogue," at 40 West Sixty-eighth street, where he held services on Sunday as well as on the Jewish Sabbath.

He established the synagogue in 1907, after refusing an offer to become rabbi of the Temple Emanuael, New York's wealthiest Jewish congregation.

Wise felt the proposed agreement would put him "under control" of the temple's trustees.

Born in Budapest, Hungary, Wise was reared in New York City. He was educated at the City College of New York, Columbia University, Syracuse University and the University of Oregon.

His wife, Mrs. Louise Waterman Wise, died Dec. 10, 1947.

At his bedside at his death were his son, James Waterman Wise, writer and publisher; his daughter, Mrs. Justine Wise Polier, justice of the Domestic Relations court here, a sister, Mrs. Ella Fish, and their families.

Was N.U. Speaker.

Dr. Wise was guest speaker at a University of Nebraska honors convocation, April 22, 1941

"Northeastern" Given Superior National Rating

"The Northeastern," official publication of Northeast senior high school, was awarded an All-American superior rating by the National Scholastic Press association for the seventh consecutive semester.

Classification of the bi-weekly paper was based on the number of students enrolled in a senior high school. "The Northeastern" was judged superior in creativeness, organization, features, topography, headlines, makeup and editorials.

Mary Lou Magorian held the editor's post during the semester. Other staff members included, Glen Rosenquist, Betty Hathaway, Nancy Young, Kathy Grabill, Hoyt Hultberg, Sue Phillips and advisor, E. Marie Woerner.

The paper also received the Columbia university's medalist award earlier in the year.

Robert Garland, 86, Founder Of Daylight Saving Time, Dead

ELIZABETHTOWN, Pa.—(AP)—Robert Garland, 86, who gained widespread recognition as the "Father of Daylight Saving Time," died yesterday as the result of a cerebral hemorrhage.

He founded the Garland Manufacturing Co., an electrical conduit firm, in 1890. During World war I, he was war resources committee chairman for western Pennsylvania and West Virginia.

At the same time he gained national prominence for his fight to give the nation an extra hour of daylight. The plan was adopted, despite widespread oppostion by farm groups, and then was repealed in 1919.

Garland later lived to see his idea adopted throughout the country.

80 Hens Stolen

Theft of 80 Leghorn hens from a farm three miles southeast of Clatonia was reported to the Gage county sheriff Monday, who in turn notified Lancaster County Sheriff Myles Holloway.

The chickens, weighing between five and six pounds each, were stolen from the Lorenz Niemeyer farm.

Mount Washington, N. H., loftiest summit in New England, was first climbed in 1642 by an Irishman and two Indians.

SAY BIBLE BANS RAIN MAKING

JOHANNESBURG — (AP) — Experiments in artificial rainmaking are "another Tower of Babel that will never see completion," declares the Rev. J. J. Jordaan. He was commenting on the unanimous decision of two communities of the Dutch Reformed church to petition the South African prime minister to introduce legislation prohibiting such experiments. The scriptures made it clear that none but God could control rain, it was declared.

Safety Talk Gets Results

CHICAGO — (AP) — Ned H. Dearborn, president of the National Safety council, spoke on a radio program about accidents Then he put on his hat and coat and waited for a car he had ordered from a livery limousine service. He had to wait some time.

"Sorry," the tardy driver said. "I was sailing along the outer drive on the way to pick you up and listening to the car radio. There was a program about accidents that scared the dickens out of me. I took my foot off the gas and took it easy all the way over here. That's why I'm late."

Viaduct Bill Spans Senate By 33-7 Vote

Measure Provides Cities Must Share Part Overpass Costs

The railroad viaduct bill, subject of long debate, passed the legislature Wednesday by a 33 to 7 vote and was sent to the governor for his signature or xeto.

The measure provides that municipalities should share in the cost of such construction, in proportion to the public benefit.

Under present law, the railroad must pay the entire cost, up to a length of 800 feet, unless the structure is located on a main highway.

Holmes Against.

During debate in March, there were references to lobbyists' activities.

But the bill survived a motion to kill it by vote of 13 to 21, and today only seven votes were recorded against passage.

The "No" votes today included Senator Holmes of Grand Island, who opposed the measure because that city is planning a second viaduct across the Union Pacific tracks there.

A viaduct already contracted for at Grand Island is on a federal highway, and is being paid for with federal funds.

Farm Wagon "Tail Light" Bill Voted

Other bills passed today included LB 275, requiring farm machinery, wagons and racks to display clearance lights or reflectors on highways at night.

LB 232, modernizing the uniform veterans' guardianship act.

LB 337, providing payment for meals and lodging of District court reporters when on duty away from home.

LB 529, making additional provision for care of the military ill outside of state hospitals.

The viaduct bill and LB 529, are effective upon approval by the governor.

Game Fee Hike Bill Moved Ahead 19-9

The fish and game license fee increase bill, object of much and often bitter debate in past appearances, went to final reading today with a minimum abount of talk.

It moved up by 19 to 9 votes, three short of the 22 it would need to pass. However, the bill is expected to pass when it comes up on final reading.

The increases would be from $1 to $1.50 for a single hunting or fishing license, and from $1.50 to $2.50 for a combination license.

Stricken was an amendment proposed by Senator Tvrdik of Omaha to levy a $50 fee on any hunting and fishing privileges. Tvrdik made the motion himself to strike the amendment.

Italy's Infant Death Rate Is Down

ROME —(AP)— Italian infants who died during their first year of life totaled 69,819 in 1948, a decrease of 12,169 from 1947.

Little Words Most Used

CHICAGO—(AP) — The little words are the big favorites.

Dr. Ernest Horn, professor of education at the University of Iowa, makes that clear in an article written for Childcraft books. He reports that ten words turned up most often in an analysis of 5,000,000 words written by adults. The words are I, the, and, to, a, your, of, in, we and for.

Only four of the fifty words used most frequently have more than one syllable. They are very, letter, about and any.

THE PEOPLE SPEAK

(Continued from Page Four)

viduals through leasing arrangements. SUBSCRIBER.

Note: The constitutional convention of 1920 took care of that in either the practice of leasing or sale of school lands. Mineral rights, which includes oil, were expressly reserved forever to the benefit of the permanent school fund of the state.

Measure Hiking Hunting-Fishing Fees Advanced

The bill increasing hunting and fishing licenses from $1 to $1.50 and combination licenses from $2 to $2.50 was advanced to final reading by the legislature Wednesday after Sen. Charles Tvrdik asked that his amendment to LB 184 he withdrawn. It provided a $50 fee for leasing of hunting and fishing grounds.

Sen. John Callan, chairman of the budget committee, explained to the legislature that his objections that a satisfactory budget on proposed expenditures had not been offered has now been corrected.

"I am perfectly satisfied that the budget is better than ever before," Sen. Callan said. "It takes time to work out a complete budget and we did not expect it to be perfect. However, the next legislature will have all the information it needs."

Sen. Callan said the budget prepared on the old license fee plan was for $1,700,000 and that need for additional revenue was shown if additional wildlife needs are met.

Lb 283, which is being opposed by the state association of insurance agents narrowly was advanced to final reading by a vote of 17 to 14. They contend that it nullifies the bill passed last session providing for inspection, auditing and examination of records by exempting domestic companies from daily exemanition of policies in favor of "spot checks."

The insurance agents say 205 companies are now using the state bureau and that LB 283 will permit them to withdraw.

Also advanced to final reading were LB 233, 493, 273 and 401.

British-China Incident Like Panay Sinking

. . . JAPS SANK U. S. GUNBOAT

(By the Associated Press)

Two British warships were caught in the cross fire of the Chinese civil war today. The incident was reminiscent of the sinking of another neutral in the endless China warfare—the Japanese sinking of the American gunboat Panay in 1937.

The Japanese aerial attack, Dec. 12, 1937, on the Panay, 25 miles upstream from Nanking, had been one of the most surprising developments of the Chinese-Japanese war and seriously disturbed the relations between the United States and Japan.

The Japanese air attack was centered on the Panay and three Standard Oil vessels it was conveying. Two of the Panay's crew and a captain on one of the oil vessels were killed. Seventy-four persons aboard the vessels were injured. The Panay went down with her flags flying.

The Japanese government apologized and presented the United States with a check for $2,217,007 in compensation.

Early English books referred to pie crust as the "coffin," apparently because mince pies in those days were baked in an oblong shape.

Wolbach's, Grand Island, needs the services of an experienced buyer to take charge of piece goods, domestics, and bedding. Apply in person or by mail to Mr. Rauch, giving all details of past experience. A present assistant may qualify.

Irish Clowns Neither Irish Nor Clowns

CHICAGO —(AP)— If anyone wants to make up a list of misnomers, he could start with the Irish Clowns Athletic club. A few members can trace their blood lines back to the old sod. But the bulk of them are German, Polish and Italian. The outfit grew out of a boys basketball team. It was named after the star, Pete "Irish" Kraus. A fellow who thought the lads were rather silly supplied the rest of the title.

Civil Service Commission At Hastings Out

Quit Posts After Ordinance Change

HASTINGS, Neb. — (AP) — members of the Hastings civil service commission had resigned today in protest against a change in the ordinance governing civil service.

It started when the city council Monday night amended the ordinance so that several offices, including that of police chief, no longer were under civil service. Mayor Carl E. Pratt then appointed George Maul to succeed Walter C. Haase as chief of police, effective in 30 days.

In a statement accompanying their resignations, members of the civil service commission said the plan for civil service had been approved by the voters and that the old ordinance had been in effect less than two months. The statement noted that the council, in altering the ordinance, "followed the procedure of having the ordinance read three times in one evening rather than the usual procedure of three readings at three different council meetings."

Under the revised ordinance, the following positions no longer are covered by municipal civil service: Police chief, captain and relief captain, city engineer, street commissioner, city sanitarian (now called the health officer), superintendent of the gas department, gas department inspector, mayor's secretary, and the auditorium janitor, office worker, equipment operator and truck driver.

Members of the civil service commission who resigned are Harry F. Russell, Dr. Floyd C. Sneller and W. E. Snyder.

$500 Robbery At Legion Club

NORFOLK, Neb.— (AP)—Norfolk's American Legion club, located in Hotel Waldorf, last night was robbed of about $500 in currency and half dollars, including jackpot money in the bingo games, police reported.

The robbery, police believe, was committed by one person who hid in the club until after it had been closed for the night, about 1 a. m.

The robber made his escape by using a small instrument to pry loose the lock in a door in the clubrooms which leads to the basement or through a back way.

The thief left small change which was with the currency and half dollars in a special place where the money is kept after business hours. The money is that kept on hand in the Legion club for daily use. Each day's receipts are placed in the hotel safe.

Police also reported a break-in last night at the Killman-Warner company office, where a small amount of money was taken.

Monday was the second consecutive night in which there have been break-ins at Norfolk business places, about $10 in cash, 24 old picture frames and a projection lens were stolen Sunday night from the V. A. Cook studio.

Woman Is Brought To Court On A Stretcher; Fined For Jaywalking

LOS ANGELES — (AP) — A young housewife, critically injured four months ago when hit by a car, came to court in a stretcher—and got convicted of jaywalking.

Mrs. Mary Davis, 24, testified in Municipal court that she was standing in a safety zone when hit by a car driven by Mrs. Winnie Wilson of Bellflower. Mrs. Davis suffered internal injuries, a fractured pelvis and a broken leg. She has been bedded since.

Mrs. Wilson testified that Mrs. Davis walked through the safety zone into the path of the car. The jury convicted Mrs. Davis and Judge Philbrick McCoy fined her $25.

Gold and silver were coined at the former U. S. Mint at Carson, Nev., until 1893.

Norris Power Hit For Sale Of Appliances

Termed Threat To Private Enterprise

BEATRICE, Neb. — (AP) — A group of southeast Nebraska appliance dealers is objecting to the selling of appliances by the Norris Public Power district.

Spokesman for the dealers, who organized about two months ago, was Paul W. Eagleton, county judge at Tekamah. He is serving as legal counsel for the appliance dealers.

Addressing the Norris district directors, Eagleton said the district's going into the appliance business is a threat to private enterprise, that as the REA district is "tax supported" it does not have to show a profit, and that the handling of an appliance line by the district would serve as an endorsement of that line, to the disadvantage of dealers in other lines.

In reply, Lester Trussell, manager of the Norris district, said the district is not "tax supported," but borrows money from the Reconstruction Financ corporation, paying interest.

The district's only interest in appliances is to increase the use of electricity, he said.

"We have to have an average consumption of 300 kilowatts per customer per month to pay out," Trussell said.

"We want to stimulate interest in appliances," he said. "We don't care where the farmers buy them, provided they do buy them."

For some time the district has sold appliances at its offices in Beatrice and Lincoln. About three months ago the district opened a sub-office in Crete and started selling appliances there. Buildings have been purchased also for sub-offices at Fairbury and Hebron.

Millinery, Fifth Floor

Time to Spring Clean your Buick too!

Bright sun shining—new greenery showing—soft breezes calling you onto the highway—this is the season that Buick of yours was made for!

This is the time when you'll want to hear the sweet hum of its eager power, feel the lazy comfort of its easy stride, get the springtime feel of its thrilling action.

And you can have all that—with just a little attention to some simple things to shake the winter out of its bones.

For instance—the rusty sludge that has accumulated in your radiator should be cleaned out. Transmission and rear end may be low on lubrication, and should be checked. Crankcase oil should be changed to a summer grade.

The underside of your car has taken a lot of splashing on wet roads. Some of the chassis grease has been washed out, some of it fouled with mud and grit.

So it's time to drain out the dregs of winter. Time for a little of the knowing, loving care every Buick gets at the hands of our Buick-trained men, armed with Buick-developed tools, Buick-established methods, Buick-engineered parts.

It doesn't take long, doesn't cost much. But it goes a long way toward making old Buicks step out again like lively spring colts. How about stopping in—this week—to see about a spring rejuvenation for *your* faithful Buick?

Check your car--- Check accidents!

Driving is twice the fun when you have complete confidence in your car—when you *know* that tires, brakes, steering, lights and the like won't let you down.

Altogether, there are 10 points to be checked for safety on any car. Bring your Buick in to us for a thorough going-over before setting off on your spring safaris. We'll take the worry and fuss off your hands—so you can be carefree at the wheel.

Buick care keeps Buicks best

COSMOPOLITANS PLANNING MEET THIS WEEK END

. . . At Holdrege

HOLDREGE, Neb.—(AP)—The Holdrege Cosmopolitan club will be host to the third annual convention of the America Federation of Cosmopolitan clubs Saturday and Sunday.

Chris Lien of Holdrege, Nebraska federation governor, will preside at the opening session.

The first convention session Saturday afternoon will feature the election of officers.

Banquet Saturday.

The highlight of the convention will be the banquet Saturday evening. State Senator Willard Wilson of Holdrege will act as master of ceremonies. Russell M. Baker, Dallas, Texas, first vice president of Cosmopolitan International, will give the main address of the evening.

Holdrege chamber of commerce President Frank Slemmons will give the address of welcome. George McArthur of Hastings, lieutenant governor of the Nebraska Federation of Cosmopolitan clubs, will give the response.

The evening's entertainment will end with a dance.

A business meeting will be held Sunday morning. The newly-elected governor will preside and hear reports and discussion of club projects. Committees will be selected and will hold their meetings at this time.

Sunday dinner will be at the Hotel Dale with Dr. Harold S. Orwoll as master of ceremonies.

President officers of the Nebraska federation include: Chris Lien, Holdrege governor; George McArthur, Hastings, Lieutenant governor; Carlos Schaper, Broken Bow, judge advocate; William White, Grand Island, chairman of trustees; and Orrill Ziggafoos, Grand Island, secretary-treasurer.

The first ski club was organized in the United States at Berlin, N. H., in 1882.

MRS. MATILDA A. MURRAY.

KEARNEY—Mrs. Matilda A. Murray, 78, resident of Kearney for the past 25 years, died Thursday in a Kearney hospital. Surviving are her husband, Phillip; our sons, Lawrence, Scottsbluff, Tom and Michael, both of Kearney, and Leo, Tacoma, Wash.; five daughters, Mrs. Nell Belschner, Colorado Springs, Colo., Mrs. Ethel McEntee, Eddyville, Mrs. Winifred Houchin and Mrs. Magdalene Priddey, both of Kearney, and Mrs. Gladys Kenney, Amherst; one brother, two sisters, 21 grandchildren and six great-grandchildren.

An estimated two to three million Americans are ski enthusiasts.

N. P. Granted $25,000 For Airport Work

Commission Allots 1950 State Funds

An allocation of $25,000 was made by the state aeronautics commission Tuesday to the city of North Platte for a municipal airport improvement project. The allocation will be made from 1950 state funds.

According to commission members, the complete project calls for the construction of a $90,000 administration building, removal of present buildings to a new site, and the construction of a taxistrip from the runway to the new site.

The commission also granted, pending final expense estimates by engineers, tentative allocations of $7,500 to the city of Merriman and $6,000 to Hyannis for municipal airport construction.

$10,000 To Omaha.

A "not to exceed $10,000" allocation was made to the city of Omaha for emergency repair and maintenance of the north-south runway at the Omaha airport. Originally requesting $100,000, Omaha representatives Tuesday submitted a modified request for $32,400.

A delegation from Kearney appeared before the commission to ask state help in procuring the former Kearney air force base for a municipal airport. James Ramsey, director of the state aeronautics department, agreed to contact officials in Kansas City in an attempt to push the transfer.

Action on a request from the city of Gothenburg for state aid in airport improvements was held over pending an inspection of the Gothenburg field by a state aeronautics engineer.

Wedding Of Aly, Rita Delayed As Prospective Groom Fractures Ankle

CANNES, France — (AP) — It looks as if Prince Aly Khan is going to be late for his own wedding.

The son of the fabulously wealths Aga Khan is reported to have broken an ankle while playing with his children last Saturday. Friends said today the accident would cause postponement of his wedding to actress Hita Hayworth as least a month.

French law makes Aly eligible for the hand of Miss Hayworth May 7, one month from the day he was divorced by his British wife.

Bill Providing REA Loans To Telephone Co-Operatives Hit

. . . By National Phone Officials

Delegates to the Nebraska Telephone association convention Tuesday afternoon heard two representatives of the United States Independent Telephone association hit the "Poage bill" now before the house which would give REA power to loan to telephone co-operatives.

Clyde S. Bailey, executive vice-president of the national organization denounced the bill saying that only 15 per cent of the rural area in the nation is not already served adequately by private companies.

He also said that although the bill has been reported out by the house agriculture committee it is not likely to reach the house floor before May 1.

Would Affect Wages.

Clyde S. McFarlin, also of the national organization came out against the bill and also the change in the new wage and hour bill affecting small telephone exchanges.

Small exchanges were exempted from the old wage and hour law, he told the group, but the proposed new law does not provide for this exemption.

Both men spoke to the group from Washington by a long distance telephone broadcast system. The meeting was held at the Lincoln hotel.

Cecil Donley, general traffic superintendent for the Lincoln office, spoke on "National Toll Dialing."

Col. Jack Major of Paducah, Ky., entertained the delegates to the convention at the Tuesday night banquet with a speach of "Women, Taxes and Hogs."

Merle Hale was toastmaster at the banquet. Among the guests introduced were: R. A. Gant, vice president of the International Telegraph and Telephone company of New York City; J. R. Veltmann, commercial manager of the Mutual Telephone company of Honolulu, and Leon F. Roberts, of the Gary Group Operating companies in Chicago.

Rites At Fairbury For J. N. Carpenter

(Special to The Star)

FAIRBURY, Neb. — Funeral services for Jasper N. Carpenter, 80, were held here Wednesday afternoon. A former Fairbury resident, he resided in Lincoln at the time of his death. He died in Lincoln Monday following a long illness.

Cancer Fund Drive Nears 50 Pct. Mark

$4,977.30 Of $10,000 Goal Has Been Raised

Contributions to the Lancaster county cancer drive now total $4,977.30, or practically one half the goal of $10,000. The drive is scheduled to close April 30.

"Many more contributions are needed from those citizens and firms who feel the importance of continuing the fight against cancer," Samuel E. Haupt, chairman of the Lancaster county campaign for the American Cancer society, said Wednesday.

"Our goal is a reasonable one, and it is urgently requested that if you have not contributed you please do so soon. If all will give the drive support we hope to reach our goal by April 30," he added

Contributions may be sent in the self-addressed envelopes Lincoln residents have received from the Cancer society, or simply in envelopes addressed to "Cancer, Lincoln, Neb. "

FRANCIS D. BREUNSBACH.

LIBERTY—Funeral services for Francis D. Breunsbach, 63, who died at his home Sunday, were held Wednesday afternoon. He was a longtime farmer in this area. Surviving are his wife, Nettie (two daughters, Mrs. Dorothy Nichols and Mrs. Ruby Russel, both of Summerfield, Kas., and three brothers.

April 1 Cattle On Feed Tops Last Year's Low Mark

Possible Power Refinancing Is In Talking Stage

WASHINGTON — (AP) — A group of 20 Nebraskans has discussed some possible power district refinancing with Maj. Gen. Phillip B. Fleming, federal works administrator.

The 20, representing the Nebraska Public Power districts, Consumers Public Power district and Rural Electric cooperatives, were present for the talks yesterday.

They talked to Fleming about some $20,000,000 worth of bonds the old public works administration bought from the Loup, Central and Platte Power districts. FWA now holds the bonds.

The Loup and Platte districts, a spokesman for the FWA said, want to arrange to finance an expansion program. In order to do this they are seeking to rewrite the terms of their old debt to the government so they can issue and sell new securities.

Fleming, the spokesman said, promised to study the matter.

The Nebraskans also talked with H. F. McPhail, director of power utilization of the reclamation bureau.

McPhail later told a reporter "the preliminary discussions concerned problems of power supply" for the state.

70 Per Cent Under Total January 1

Severe Winter Is Blamed For Drop

An estimated 315,000 head of cattle were on feed in Nebraska April 1, an increase of 31 per cent over the unusually low number of 240,000 head on feed a year ago, the state-federal division of agricultural statistics reported Wednesday.

The April total is 70 per cent of the 450,000 on feed January 1, prior to the severe January and February blizzards.

"Severe cold weather and heavy snow handicapped feeders in properly caring for cattle and was detrimental to livestock in making normal gains in weight," the bureau reported. "Cattle feeders experienced one of the most difficult feeding periods in history during January and February.

Marketings Curtailed.

"During the most severe winter weather, cattle actually were showing a shrink. Marketings during January and February were curtailed because of snow blocked roads, lack of normal gains in weight, and the break in prices was also a factor in the usual marketing procedure."

Feeders have been a little slow in purchasing replacement stock, the bureau said. Inshipments into the state during January and February were far below normal, but there was a sharp increase in the inshipments during March.

71% Steers.

The April 1 survey indicated that of the 315,000 head on grain feed, 71 per cent or 224,000 were steers, 20 per cent or 63,000 head were heifers, eight per cent or 25,000 head were calves and one per cent or 3,000 head were classified as "others." The bulk of the cattle weighed between 600 and 900 pounds.

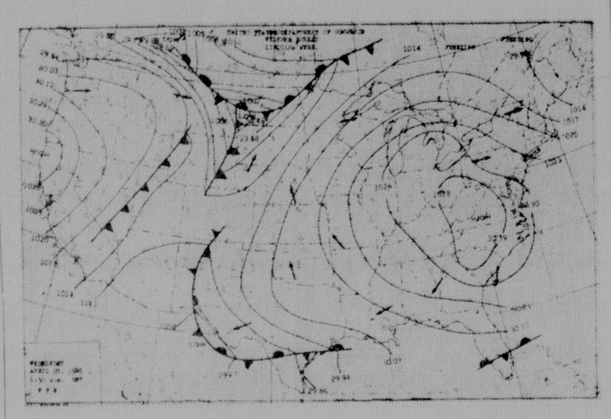
Approximately 70 per cent of the cattle on feed April 1 had been fed more than three months, the bureau reported.

"This high percentage held on the April 1 feeding date reflects the unfavorable feeding and marketing situation during the first quarter," the survey revealed. "On feed for less than three months were 94,000 head, while 205,000 head had been fed from three to six months and only 16,000 head had been fed six months or more.

Corn Belt Figure Up.

"The survey reveals that at present the marketing intentions of the farmers are to sell 79,000 head in April, 76,000 head in May, 75,000 head in June and 85,000 head at a later date."

For the corn belt states, the number of cattle on feed April 1 also showed a substantial increase from last year's low figure. The increase, estimated to be 23 per cent, was probably equivalent to about 480,000 head. However, the number on feed April 1 is estimated to be eight per cent less than the number on feed April 1, 1947.



WEATHER BUREAU SUMMARY—The frontal condition continuing over the Rio Grande valley has been attended by further rain in Texas, which has been heavy since early Tuesday in east Texas and a few west Texas localities. Over 2 inches fell at Austin and Galveston. Light to moderate rains fell in western and south-central Kansas, and in scattered localities in Oklahoma. Mild weather over the Rockies and the Plains states attends the eastward movement of the trough of low pressure with a center over extreme western North Dakota. Further light to moderate rains fell in the North Pacific states and on yesterday in New York and New England. Cool weather prevails in the Middle Atlantic states, with local frost in Virginia.

Russell Arnold, 93, Dies At Fairbury

(Special to The Star)

FAIRBURY, Neb. — T. Russell Arnold, 93, died Tuesday at the home of his daughter, Mrs. Scott Tippin. Funeral arrangements are pending.

Costly Driving Lesson Fails To Discourage Miss

OMAHA—(AP)—Marion Shackleford's first driving lesson didn't turn out so well, but she's not going to give up.

The net result was one fence bowled over, one porch bashed in and one automobile somewhat battered.

In central police court Tuesday she explained that she bought a car last December, but was told at that time schools were taking no more driving pupils until March. Come March she had lost her job and didn't have the money to pay for the lessons, she told Judge Patrick Lunch.

Easter Sunday she ventured out early in the morning when streets were comparatively clear. As she assayed a turn, the car jumped a curb, through a decorative fence, down the embankment, across the street and into a fence.

Judge Lunch fined her $100 and costs for reckless driving, $1 for sticker violation and $1 for driving without driver's license.

Survey Shows Slight Drop In Farm Wages

. . . From Last Year

Farm wages are lower in Nebraska now than in 1948.

University of Nebraska farm management specialist L. F. Snipes made that comment today after a survey.

He said the average daily wage with board and room furnished now is $5.30. Last year it was $5.50.

Without board and room the present average is $6.70 per day compared to $6.80 in 1948.

$135 Per Month.

The rate by the month with house furnished now is $135 as against $139 in 1948.

But the monthly rate now with board and room furnished is higher. It stands at $110 as compared to $107 in 1948.

Snipes said he believes the daily rate will be "considerably higher" when harvest season starts than it is now. But even so, he added, he believes it will be lower than in 1948.

Snipes said the reasons for the weakening in farm wage rates are more abundant labor supplies, demand for labor is less because net farm income is less and because of increased mechanization.

$4,650 DAMAGE SUIT

OMAHA — (AP) — Seeking $4,650 in treble damages, Mr. and Mrs. John Rabes have filed an action in Federal court under the rental housing act charging that they were forced to buy $1,550 worth of furniture before they were allowed to rent a home for the ceiling price of $27 a month. Edna Carleton and Myrtle F. Spickler, partners, and landlord O. H. Shelly were named defendants in the suit.

Chapter 27

"Honestly," Ellen entreated, "What can you make out of this stuff that Bray was sending you?"

"You mustn't forget that Bray wasn't sending this to me. Fenton came across the envelope and he put it in the mails. My hunch is that Bray was just going through Hubbard's things and put this stuff inside, either to talk to me about it, or else to dispose of it himself. He probably had the whole thing figured out. And of course that's why he was killed."

"So as far as we're concerned we've drawn a blank?" Ellen asked wearily.

"There's only one more hope."

"What's that?"

"We'll stop at the janitor's, Vall's, and see who's borrowed his key recently. Maybe we can make some sense out of this puzzle then. Let's leave this stuff here and pick it up in the morning if we need it."

Ellen locked the envelope in her desk. They turned off the lights in the room and made their way out of the darkened building. In a few minutes the car was traveling toward the outskirts of the city.

When Raff stopped the car they were in front of a small darkened farmhouse. Ellen, who had been dozing, awakened when Raff tucked a blanket around her.

"Wait here, I'll be out in a few minutes," he said.

About five minutes later Raff came back, his breath steaming in the cold air. He got in the car beside here.

"You're beginning to act as if you have this whole thing all sewed up. Just what did you learn from Vall?" she asked.

"Not a thing," he said in disgust. "The list of people who have borrowed his key reads like a list of staff members of the department. Bray borrowed it about two weeks after he had resigned from the chairmanship, five years ago. Bill Griffith borrowed it about three years ago. Paul Russell borrowed it about two years ago the first time and then again about a month ago. The day after he returned it, Verek borrowed it. Fenton borrowed it on Thursday and you borrowed it on Friday afternoon."

"Oh, golly, that's about everyone, isn't it?"

"That's just about everyone. And that about washes us up. Ellen, we've got to go to the police. Just figure it out for yourself. So far we know there were at least four people who could have had a motive for wishing Hubbard dead. There was Bray himself for one, but I don't think he did it because he didn't commit suicide. There's Fenton, who might have reached the end of his rope. Certainly Bill Griffith would have a plausible motive. From what you tell me about how Hubbard treated Dr. Verek, he wouldn't be so unhappy about Hubbard's death. And you can't tell what goes on in the mind of Paul Russell. Certainly he wasn't shedding any tears over Hubbard, or Bray either for that matter. The same goes for Worden."

"It does look hopeless, doesn't it?" she said wearily. "And I just thought of another thing. A person didn't have to have a key to get into Dr. Hubbard's office while he was there, even when he was taking his nap. The door was kept unlocked during the day. It was locked only when he wasn't in there."

"There you are. It means that each of the people around the department will have to be questioned very carefully as to his whereabouts both on Wednesday afternoon and Thursday midnight. It means that the stories will have to be checked."

"You're right, Dennis. I know you're right. But it seems like such a terrible thing, to have the police all around the department—to have all these filthy stories publicized. A lot of innocent people are going to suffer, and that doesn't seem right."

"You know my chief, Dr. Norton, at the hospital, had the same idea when I told him what Bray had said about Hubbard being murdered. The way I figure it, it takes a pretty strong emotional upset for an otherwise law- abiding citizen to commit murder. When such a person gets to the state where he can commit two murders, then I'd say he's psychopathic—he's no longer a responsible person.

There's no telling how long he can continue eliminating people and justifying it to himself. There was the attempt on you, too. We've got to find out who he is. It isn't so much that he has to be brought to justice as that he probably needs hospitalization. There's some mental quirk that's warping his whole judgment. There's no telling what he'll do next. He's got to be found, and quickly, Ellen."

"Of course you're right. I should have realized that this morning. Are you going to call the police, or will you go down there yourself?"

"I think I'd better go down. There's too much to explain."

"Dennis, I'd like to go with you."

"Swell. I was going to suggest that. I have to make the rounds in the wards tomorrow, but I'll be through at ten o'clock. That be too early for you?"

"Oh, no. I'll be up at the office at nine tomorrow morning. I've got to type up a list of books to be placed on the reserve shelf for the library, and then I'm through for the day."

Raff drove rapidly back to the hospital, parked his car and went directly upstairs to bed. He had little difficulty getting to sleep, although for a few minutes he had a vague uncomfortable feeling that there was something important that he should be remembering. Once he awoke with a start. He had dreamed that he had solved the whole thing. It was all very simple. But he had no idea what the solution was. He laughed to himself ruefully.

"Wishful thinking," he said aloud, and promptly fell asleep again.

(To be continued)

Commissioners, County Judge Vie Over Salary Claim

On-the-job training offered by the federal government was involved in the salary dispute Tuesday between the county commissioners and the county judge's office.

The commissioners Tuesday rejected the claim of Jeane Shankland, chief clerk, on grounds that the amount stipulated in the claim is greater than that authorized by the board.

Miss Shankland's claim, as approved and submitted by County Judge Harry A. Spencer, asks for $190. The board maintains her salary is set at $180 which, they say, compares with the salary of other chief clerks in the county offices.

According to the terms of Miss Shankland's on-the-job training contract, her "after-training wage" was to be $190. She completed her on-the-job training in May, 1948 at which time she was receiving $175 per month. Her salary was subsequently increased to $180 in July by a blanket raise given county employes.

The board maintains the contract was never officially entered into by this board or a former board and therefore is not binding.

In other action, the board approved the renewal until July 1 of a dance hall license to Reon H. Pauley for operation of the Turnpike ballroom.

On-and-off sale beer licenses were recommnded for approval to the state liquor commission for: Lloyd Prucka, Kramer; and Roy A. Weiss, Airport Cafe, Fifty-sixth and Havelock.

Referred to the county sheriff for investigation was the beer license application of William G. Boward, Princeton.

TEEN-AGE BABY SITTERS RULED OUT

DENVER—(AP)—When a Denver grandmother, Mrs. Mary Louise Dunham, decided to operate a baby-sitting service, she made this her first rule: No teen-agers.

"They create too many problems," says the head of Baby Sitters, Inc. "Our sitters are all 21 or over and we prefer mothers, grandmothers, older sisters or others who understand children and have taken care of them."

Mrs. Dunham began her service two years ago and now gets about 1,000 calls a month from parents. Her 200 sitters manage to keep busy. Parents have to pay a $1 per month registration fee to Baby Sitters, Inc., and 60 cents per hour to the sitter.

STEEL SUPPLY EQUALS DEMAND, SHORTAGE OVER

. . . 'Iron Age' Reports

NEW YORK—(INS)—The steel shortage is now definitely over and many products are in general balance with demand.

This observation was made today by the magazine Iron Age which noted that some steel items will soon be in better supply than the demand for them.

Meantime, the national metalworking weekly said that steel industry leaders are showing concern over the following factors:

1. The increase in cancellations.
2. The slow leveling off in new orders.
3. The downward trend in railroad buying.
4. The heavy slashes in appliance manufacture.
5. The hesitancy in farm area buying with its lowered income.
6. The ability of auto companies to hold up their unprecedented buying of steel in the face of the general business outlook.

However, Iron Age said there was no sign in the industry this week that any sharp curtailment was in prospect.

$50,585 Damage Suit Filed In Falls City Crash

FALLS CITY, Neb. — (AP) — Richardson county is being sued for $50,585.72 as the result of an accident in which two truckers were burned to death.

James Wittwer, 49, and Elmer Fouraker, 59, both of Salem, were killed when a bridge near Falls City went down with their truck. The vehicle burst into flames and the men were pinned inside.

The District court suit was brought by Mrs. Grace Wittwer, widow of Mr. Wittwer and mother of seven minor children.

The petition contends the county was careless and negligent in letting the span get out of safe repair.

The petition further contends that Mr. Wittwer had an annual earning capacity of $2,000 or more a year and a life expectancy of 23 years. This was the principal factor in setting the damage figure.

Ogallala Postal Receipts Climb

OGALLALA, Neb.—(AP)—Postal receipts at the Ogallala postoffice during the first quarter of this year showed a 16.3 per cent increase over the same quarter a year ago.

Gross receipts during the quarter totaled $7,643.67. Money orders in amount of $35,000 were issued. Postal savings deposits decreased nearly $60,000 during the quarter. The decrease was attributed to withdrawals for other investments. These deposits totaled $331,244.

4,000-Foot Fall From Plane Fatal To Pilot; 'Sucked Out' By Draft

SEATTLE — (AP) — A pilot plummeted 4,000 feet from a passenger plane to his death early today in Alaska, the Seattle office of the Sourdough Air Transport Co. said.

Dave Huycke of Los Angeles, third pilot aboard a C-47 carrying 10 passengers, was "sucked out" when he tried to check a draft around a door, the firm announced.

The accident occurred about four minutes after the plane had taken off from the Annette Island airport, about 10 miles from Ketchikan.

Approximately 3,200 passengers ride each week on an average elevator, a total one-fourth greater than the passengers carried each trip by the Queen Elizabeth, world's largest steamship.

Merger Church Women Groups Defeated Here

The proposed merger of the United Council of Church Women with the National Council of Churches suffered a marked defeat when the national resolution was turned down by the Lincoln Council of Church Women Tuesday.

Approximately 200 members were present at the monthly meeting and annual election of officers at the Calvary Evangelical United Brethren church.

Mrs. M. C. Leonard was re-elected president of the Lincoln council. Mrs. Helena Sieck continues as treasurer.

New officers elected were:

First vice president—Mrs. A. R. Marquardt.

Second vice president — Mrs. James S. Wallace.

Secretary — Mrs. Carroll H. Lemon.

Corresponding secretary — Mrs. William Bryon Davis.

Resolution on Segregation.

The Lincoln council, noting the report of the national committee on segregation that race segregation in Washington, D. C., was marked and on the increase, called for the following action in a resolution:

"The Lincoln Council of Church women request and urge that our representatives take definite steps to make Washington, D. C., a true symbol of democracy."

Kenneth L. Cannon, University of Nebraska assistant professor of home economics, was the guest speaker at the morning session. He spoke on "Improving Family Relationships."

In the afternoon, Rev. Lowell C. Bryant of First Christian church stressed the religious aspects of family relationships in the address, "Factors that Enrich Home Life."

Mrs. E. B. McAllister presented the devotions. The program was in charge of the Christian Family Life department of the council.

Boy Bruised In Crash

Keith Albright, 16, Sioux City, Ia., was treated and released from St. Elizabeth hospital Tuesday night after suffering cuts and bruises in a two-car collision at Eleventh and Adams.

Albright was a passenger in a car driven by Russell S. Bratt, 43, also of Sioux City, which was involved in the intersection collision with a car driven by Kenneth W. Pool, 23, 1051 Garber. The Bratt car was going east on Adams and the Pool auto north on Eleventh.

Farm Land Price Boom Has Passed

General Level Down For First Time In 10 Years

WASHINGTON — (AP) — The government reported today that the war-inspired boom in farm land prices apparently has passed its peak.

For the first time in 10 years, the general level of farm real estate values has declined. A 15 per cent drop in farm product prices from the postwar record was said to be a major cause of the decline in land prices.

The bureau of agricultural economics said the index of land values on March 1 this year was 1 per cent below that of last Nov. 1. This is the first time since 1939 that the index has shown a decrease.

The level of land values still was 3 per cent above March 1, 1948.

Further Declines Seen.

The bureau foresaw further declines, but it said they are likely to lag behind decreases in farm product prices.

"Since land values in the country as a whole have increased about two-fifths as much as has net farm income since 1940, however, the declines in land values probably will lag behind price declines," the bureau said.

The bureau also reported a slowing up of demand for farms It said suubstantially fewer farms were sold last year than in the previous year. It said almost a third fewer sales were made during the past year than during the peak year 1946.

Individuals and commercial banks continued to supply about two-thirds of the total farm mortgage credit extended during 1948, the bureau said.

Values on March 1 were at or below the Nov. 1, 1943, level in all the Rocky mountain and Pacific coast states as well as in scattered states in most other regions. Declines in prices of livestock and the severe winter appeared to have been major factors responsible for lower values in the mountain states.

Decreases ranged from a high of 10 per cent in Montana to 5 per cent in Utah.

Despite the decline in values since the postwar peak of last November, land prices still were higher than a year ago in 37 states. Largest percentages increases were reported for Oklahoma, Arkansas, Louisiana and Nebraska. Values were also up sharply in New York, Virginia, Alabama, Kentucky, South Carolina and Georgia.

Tonsils, frequently removed because of their tendency to become seats of infection, are places where small, white blood corpuscles are formed.

South Chile Shaken By Earthquake

33 Reported Dead; Communications Out

SANTIAGO, Chile — (AP) — Dispatches from southern Chile early today reported a strong earthquake had been felt there.

The reports said the quake was especially noticeable around the cities of Concepcion, Talca and Temuco.

Telegraph and telephone communications were interrupted at some points.

The newspaper El Mercurio said its correspondent at Temuco reported two deaths at Angol and one at Los Anjeles from collapse of buildings.

The newspaper La Hora reported that a prison at the city of Traiguen had collapsed, killing 30 persons and injuring 60 others.

Marriage Counselor Is Sued For Divorce On Neglect Charges

COLUMBUS, O.—(AP)—The man who taught Ohio State university students how to become happily married was being sued for divorce today.

Dr. John F. Cuber, former director of OSU's marriage counseling clinic, was sued for neglect by Mrs. Esther Cuber in the court of domestic relations.

The university said Dr. Cuber resigned four days ago to accept a visiting professorship at the University of Southern California.

Dr. Cuber directed the clinic under sponsorship of the university's sociology department. He also is the author of an elementary socioiogy book used by freshman college students.

MUD Proposal Would Boost Gas Rate Here

. . . Declares Marti

WASHINGTON — (AP) — Construction of a natural gas pipe line from Louisiana to Iowa would bring a boost of from 28 to 40 per cent in the average cost of gas to some Nebraska and other midwestern users, the power commission has been told.

That statement came yesterday from attorneys for two utility companies serving four states during oral arguments on the application of the Trunkline Gas Supply company for a certificate to build a 26-inch line from Lake Charles, La., to Keokuk county, Ia.

They said their estimates were based on a rate program proposed by the Metropolitan Gas district of Omaha.

Roll-in Rate.

Lloyd Marti, of Lincoln, Neb., attorney for the Central Electric and Gas Co., of Nebraska and South Dakota, and the Hastings Gas Co., of Minnesota, said a "roll-in" rate proposed by Omaha would result in increased costs to companies as follows:

Council Bluffs (Iowa) Gas Co., 40 per cent; Hastings (Minn.) Gas Co., 32 per cent, and Nebraska Natural Gas Co., 29 per cent.

The Omaha rate schedule would increase the cost of all gas distributed by Northern Natural Gas sufficiently to cover the cost of new service from the Trunkline.

Consumer Would Be Affected.

Marti said the Central Electric and Gas Co., needed more gas but that purchase on the Omaha plan would increase its cost by 28 per cent.

"This increase would have to be passed on to the consumer," he added.

The companies represented by Marti and Raymond A. Smith, representing the Council Bluffs Gas company, buy gas from the Northern Natural Gas Co., of Omaha, which has indicated it would consider a tie-in with the Trunkline company to meet increasing gas needs in its seven-state territory.

Two other utilities served by Northern argued in support of the Trunkline application.

Girl, 3, Found After Night In Swampland

BIG RAPIDS, Mich.—(AP)—Searchers found 3-year-old Jacqueline Simmons, cold and terrified, today after a 15-hour hunt through swampland underbrush.

Brought to a hospital in Big Rapids, the tot was reported in "fair" condition.

"Where's my doll baby? Where's my buggy?" she asked with wide-eyed concern.

Jacqueline had apparently pushed the buggy into the swampy area when she was discovered missing at 4 p. m. yesterday, her 23-year-old mother, Ardina, said.

A posse of 100 men combed the swamp all night long. The father, Carl, 24, joined the searchers. His wife remained in their isolated farm house.

Kearney May Be Able To Lease Idle Air Field

KEARNEY, Neb. — (AP) — The city of Kearney may be able to lease the deactivated Kearney air force base and sublease portions of it for a profit.

Ormond P. Hill, member of a special chamber of commerce committee, has made public a letter from Sen. Kenneth S. Wherry, (R-Neb) in which the Nebraska senator said the Kearney base appears definitely headed for inactivation on somewhat of a standby basis.

Attached was a letter from the air force chief of staff and the assistant secretary of the air force indicating that the Kearney base will not be reactivated even if the air force increases to 60 or 70 air groups.

"I really believe that Kearney can lease the base almost on its own terms," Wherry's letter said, "and I understand that the city may then be able to re-lease the land and certain facilities of the base for more money than it will be required to pay the air forces."

Washington's Good Outweighs The Bad, O'Sullivan Feels

OMAHA—(AP)—Though freshman congressmen are "at the bottom of everything," Nebraska's first term representative, Eugene D. O'Sullivan still finds that the good things about Washington outweigh the bad.

The good things include his assignment to the agriculture committee, his office staff, his apartment, the people who found it for him, his daily mail and visitors from home.

The bad includes his long wait for office space in the house office building, the seniority privileges, the seen-and-not-heard tradition for freshman senators, and his lack of patronage.

"I had one $2,465 job to give," he said. "How I got it is a mystery. Twenty democratic congressmen have 90 per cent of all the patronage. Fifteen freshmen got none."

H. P. Christesen Is Dead; Former Lincoln Resident

SCOTTSBLUFF, Neb.—(AP)—Services for Hans P. Christesen, 64, Scottsbluff hotel operator, who died at a local hospital Sunday, will be held here Thursday.

Born in Cedar Falls, Ia., Christesen came here last December from Lincoln.

His widow survives.

An average of 208 inches of snowfalls annually on Mount Washington, N. H., highest peak in New England, with a height of 6,288 feet.

Engineer Display By N. U. Students On Apr. 28-29

University of Nebraska engineering and architecture students will sponsor a two-day exhibition Apr. 28 and 29 featuring scientific and engineering displays, a convocation, field day and honors banquet. Co-chairmen are Robert Bottum of Bradshaw and Meno Wilhelms of Auburn.

The demonstration will get under way Apr. 28 with an open house for the public and will be concluded at a banquet the following evening.

Neil Shields, Hastings, is secretary-treasurer. Chairman for the activities of the various branches of engineering include: Agriculture, Leslie Jochens, Fairbury; architecture, Eugene Griffeths, Omaha, and Richard J. Kusek, Columbus; Army ROTC, Mervin L. Klug North Bend; chemical, Edwin Finley, Schuyler and Duane Morin, Wahoo; civil, Joe Peterson, Omaha, and Charles West, Kennard; electrical, Floyd Bean, Elwood, and Al Scheideler, Odell; engineering mechanics, Darrell Frederick, Riverdale; mechanical, Carl Hellerich, Valparaiso and John Powell, Lincoln; Navy ROTC, James Peterson, Centerville, S. D. and Robert L. Zwart, Omaha.

Other chairmen of special committees include: Alexander Henry, Lincoln, E. L. Coleman, Tekamah, Cecil J. Doubt, Lincoln, Charles Roberts, Lewekken Andrew Miller, Lincoln, Joe Rogers, Omaha, Paul Versch, Atwood, Kas., William Splinter, North Platte, Kent Tiller, Alliance, Burnell Furstenau, Fremont, Dan Jones, Lincoln, Lloyd Dobney, Norfolk and Vernon Hastings, Lexington.

Two Men Killed In Light-Plane Crash At Flandreau, S. D.

FLANDREAU, S. D.— (AP) — Two men were killed when their light plane crashed into a ditch on the Paul Wandel farm northwest of here late Tuesday.

The men were Delmar Pittinger, part owner of a lake resort in northwest Moody county, and Ralph Simonson, a farmer.

Phone 2-4788

Liquor License Is Suspended 8 Days In Scottsbluff Case

The liquor commission today suspended the package license of Wilbur F. Wallace and Louis H. Ledbetter of Scottsbluff for the last eight days of the current license year, which ends April 30.

The Scottsbluff store had been cited for alleged sale to an Indian and for sale to an intoxicated person.

The case was based on report of a Scottsbluff policeman who said he arrested Pete Pretty Face as Pretty Face emerged from the establishment.

No Finding On Indian Sale.

The commission found that the store had sold to an intoxicated person, but made no finding on the charge of sale to an Indian.

Pretty face claimed he was half Spanish and one-fourth French.

The commission assessed costs of $109.70 in the case.

First to testify was a Scottsbluff policeman, John B. Wagner, who said he arrested a man he identified as Pete Pretty Face, after he saw Pretty Face come out of the defendants' store.

Had Mustache.

Wagner said he took a pint of liquor from Pretty Face. He said he did not see the clerk make the sale, but said he "assumed Pretty Face got if from Wallace and Ledbetter liquor store."

Pretty Face testified his mother was Spanish and his father part Indian and part French, making him a "quarter-breed Indian."

Pretty Face said he had no papers emancipating him as an Indian.

Others 'Had Been Selling.'

Cross-examination brought out the point that Pretty Face had a mustache and beard, while most Indians do not.

Ledbetter said "Half a dozen other license holders came around and told me they had been selling to Mr. Pretty Face for some time, thinking he was a Mexican."

To accept Projector — John C. Settelmayer, city librarian, will accept a ceiling book projector for use in local hospitals from the Lions club Thursday noon at the chamber of commerce. Settelmayer will demonstrate the machine and describe its uses.

Nebraska Deaths

MRS. CLARENCE POTEET.

FALLS CITY—Mrs. Clarence Poteet, 53, longtime Falls City resident, died unexpectedly Sunday in a local hospital. Surviving are her husband; a son, David R., Falls City; her parents, Mr. and Mrs. D. D. Reavis, sr., Falls City; two brothers, two sisters and one grandchild.

EARL H. CHANEY.

OMAHA—Funeral services for Earl H Chaney, 32, former Nebraska City resident, were held in Hamburg, Ia., Tuesday. He died suddenly Sunday in an Omaha hospital. Surviving are his wife; a son, Ralph Earl; two brothers, three sisters and his parents, Mr. and Mrs. Frank Chaney, Hamburg.

MRS. AMALIA SCHWAB.

PLEASANTON—Funeral services for Mrs. Amalia Schwarb, 81, who died Thursday, were held Monday morning. She was a former Mason City resident. Surviving are six sons, Carl, Pleasanton, Richard, Mason City, Frank, Riverside, Max and Leo, both of Willimina, Ore., and Rudolph, Newton Falls, O.; two daughters, Mrs. Tresa Grossman, Pittsburgh, Pa. and Mrs. Martha Supenchick, Grand Island.

$7,295 Low Bid On Street Lights For Kimballcrest

The ABC Electric company of Lincoln was low bidder on ornamental street lighting to be installed in Kimballcrest addition soon. The company's bid of $7,295 was $1,205 under the engineer's estimate of $8,500 for the work.

The bids opened Wednesday at city hall showed three other firms interested in the work. The Commonwealth Electric company bid $7,440 and the Electric Engineering company bid $8,180. Both are Lincoln firms. The Dodson Engineering company of Omaha was high bidder with an offer of $8,945.

Work will begin soon and it is hoped lights will be operating by the first of June, Deputy City Engineer Carl Fisher said. The new lights will be located in the area bounded by A and Sumner streets and Forty-second and Sunburst Lane. The system will have underground circuits.

Fur Farm Drive-In Costs Plenty

AP Newsfeatures

EVERGREEN, Colo.—If you're out driving around the Colorado mountains sometime you might pop into the state's newest drive-in and pick out the original makings for a fur coat.

Bring along your pocketbook. Also, you better bring along the kids' piggy banks, the wife's pin money and if you're really serious, borrow a couple grand from some well-heeled pal. You'll need it.

The drive-in store along U. S. highway offers customers a complete service from a wide selection of live fur animals to the finished garment. Customers may take the pelts to their own furrier if they prefer.

Hundreds of shoppers, mostly tourists from out of state, stopped at the Indian-Pueblo style building 25 miles west of Denver during the summer. The initial venture was so successful the operators, Dr. Howard E. Lamb and John McNeill, decided to keep the establishment open through the winter—a season more conductive to fur coat shopping, anyway.

A healthy collection of greenbacks is necessary to do business if your wife's tastes run to mink. From 75 to 85 pelts are needed to make a full length mink coat. The cost of the individual pelt runs from $25 to $150 depending upon the coloring and other qualities.

Assuming that your wife's tastes could be limited to the $50 range, it would set you back $3,750 for the minimum number of pelts. In addition, you'd have to pay the costs of fashioning the pelts into the finished garment.

In the economy range the drive-in has on display some attractive silver foxes. A swanky little six-skin Pearlatina coat can be picked up for $606—that includes Uncle Sam's cut of your luxury money. You can go up from there.

On display in a U-shaped series of pens are more than 25 live varieties of fox and mink. Women shoppers in looking over the live animals usually select the silver fox. The pearl platinum and Norwegian platinum fox are next in popularity.

FUR ON THE HOOF—Mrs. Edith I. Hagood in platinum fox cape and holding processed pelt of same type stands at left before a cage with a live platinum fox. Above is a general view of cages at a fur farm drive-in near Denver.

The fur farm operated by Lamb and McNeill produces 1,750 mink and 650 fox pelts a year. Other ranches on the slopes of Mount Evans produce another 4,000 fox furs and from 8,000 to 10,000 mink skins. Most of those fur growers are making their supply available to the new enterprise.

Lamb and McNeill launched their retail store after a study of the fur trading business convinced them there was need for a direct producer-to-customer operation, with no middlemen.

Other Mount Evans fur farmers praised the drive-in salon as a welcome outlet for their production, suffering from a slump in the fox market.

CASTLE IN SPAIN IS NAVAL CENTER

MADRID—(AP)—The Spanish navy has acquired one of the finest castles in Spain for its archives. The 16th century palace was given the navy by the Marquis of Santa Cruz.

Situated in El Viso in southern Spain, it was the residence of the marquis' ancestor, Don Alvaro de Bazan, famous Spanish admiral who successfully fought the Turks in the naval battle of Lepanto, in 1571.

It contains a valuable collection of 16th century paintings.

Youth Admits Killing Mother To Visit Girl

. . She Kept His Car Keys

ROCKWELL CITY, Ia. — (AP) —A high school youth was jailed here today in the fatal shooting of his mother during a quarrel over his love affair with a waitress.

County Attorney Lewis Hendricks said Dale Junior Post, 17, had signed a statement in which the boy said:

"I intended to kill my mother because I was angry at her for not letting me have the keys to my car."

Hendricks said the statement related this story about the slaying of Mrs. Ervin Post, 48, at nearby Farnhamville, Ia.:

The youth wanted to go to Fort Dodge to see his girl friend, Norma Jeanne Seymour, 17-year-old waitress. His car keys were missing. He got his shotgun and awaited his mother's return.

When she arrived he asked for the keys. She refused.

"She told me I should go to school," he said.

Then he shot her.

"She fell to the floor and I grabbed her purse," the statement continued. "I found the car keys x x x and went out to the car."

The boy drove to Fort Dodge, 20 miles away. He was arrested last night in the restaurant where the girl worked.

The girl, who knew nothing of the slaying, waited outside while young Post was questioned. Just before he was taken from Fort Dodge to Rockwell City she was permitted to see him briefly.

The girl came out sobbing. She went away without saying a word.

No charges had been filed.

Tombstone, Charging Pardoned Man With Slaying, Goes Down

RALEIGH, N. C. —(AP)— Old Hamp Kendall, who served time for a crime he didn't commit, can rest easy now.

That tombstone that's troubled him all these years will have to come down.

About the turn of the century the aged recluse was convicted of killing Lawrence Nelson near Lenoir, and spent almost 10 years in prison for the crime.

Later he was found innocent and pardoned, and ever since he's had a hankering to have the tombstone removed from Nelson's grave.

The marker says that Nelson was "robbed and murdered by Hamp Kendall."

Yesterday the general assembly passed a law that makes it illegal to erect or maintain a tombstone which charges anyone with a crime. It was passed as a personal favor to old Hamp.

NEWS

STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS

and such complaints as Headaches, Nervousness, Acids Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite, Underweight, Dizzy Spells.

Drugless Health!

REGARDLESS of how long you have been a sufferer, and how many medicines you have tried before, you can now hope for relief if you try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth — Nature's laboratory. Contains NO alcohol, NO preservatives, NO oil. NO harmful drugs, NO dope — is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments — highly recommended by the medical profession.

FOR THOUSANDS of years ever since Hipocrates was the father of medicine, minerals and other natural medicines were a reliable remedy for most of our common ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what GEO-MINERAL will do for you.

Amazing Results

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

RHEUMATISM, arthritis are dreadful diseases. Acid coddition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ills. People, on the advice of their doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgie. He was helped or would not have gone there twice a year.

Wonder Minerals

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wondrous springs of Lourdes, France, and famous Thronion in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

GEO-MINERAL contains minerals you get at the world's best springs. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will SEE it! Also examine your urine. You may see impurities — poisonous waste — coming out of your kidneys, relieving you. And then realize the priceless value of GEO-MINERAL.

Read What They Say!

"We wish to state that after selling Geo-Mineral for eight months, this product has broken all sales records in the medicine line in our drug store"—reports Jack Wright, owner of Economy Drug Co., Anderson, S. C. "Users report almost miraculous results helping sufferers with rheumatism, arthritis, weak kidneys, and various stomach ailments. We believe that there exist very few items on the druggists' shelf with the merit of this natural mineral medicine. Of thousands of bottles sold on guarantee basis, there have been very few refunds."

100% Guaranteed!

WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.

REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need!

TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

GEO-MINERAL: 1 bot. 98c, 6 bot. $5.85.

Efforts Under Way For Reopening Of Omaha's Seminary

OMAHA—(AP) — New efforts have been made to reopen the former Omaha Presbyterian Theological seminary.

District Judge Arthur C. Thomsen has approved an application from the Rev. H. W. Lampe for personal and office expenses incurred in efforts to reopen the school for clergymen.

The school closed in 1944. Judge Thomsen ruled that interest from the seminary's half million dollar trust fund go to the McCormick Theological seminary at Chicago. But the fund itself remains undisturbed on the possibility the seminary might reopen.

In May, 1950, the court will reopen the question of what to do with the trust fund.

Among the claimants for the trust fund is Hastings college, a Presbyterian sponsored school at Hastings, Neb.

KENTUCKY'S KEY TO HOSPITALITY

OLD FITZGERALD

1849 100th Birthday 1949

In friendly toddy or cheery highball the nut-sweet flavor of Kentucky's Favorite Bonded Bourbon is your key to true whiskey satisfaction. For OLD FITZGERALD's genuine sour mash formula, is to bourbon what Sterling is to silver.

Screws Of Blockade Tightened

. . . In Face Of Rumors

BERLIN—(AP) — Amid all the rumors that the Russians may be planning to lift their Berlin blockade, they tightened it today.

Communist police in the Soviet sector closed off more streets on the borders of the western allied sections to make their squeeze even a little more effective.

U. S. air force officials, discounting all rumors that an early end of the blockade may be in sight, said the allied airlift will be continued even if the blockade is removed.

"We would be very foolish to discontinue the airlift until guarantees of free land transport were signed, sealed and delivered," said a spokesman. "And even if that should come to pass the airlift still would be worth keeping because we have learned a lot about air supply with it, and are still learning."

Judges Named Legion Poppy Poster Contest

Poppy posters, made by Lincoln school children in the annual contest sponsored by the American Legion auxiliary, will be judged by Mrs. Robert Ross, Mrs. L. O. Frisbie and Dwight Kirsch, it was announced today.

Following the judging the winning posters will be placed on display.

Food Price Index For Week Lower

NEW YORK—(AP)—The Dun & Bradstreet wholesale food price index this week declined to $5.68 from $5.71 a week ago.

This was 17.1 per cent below the year ago figure of $6.85, and only one cent above the 28-month low reached last Feb. 8.

The index represents the total cost at wholesale of a pound each of 31 foods in general use.

Higher in wholesale price this week weer corn, rye, oats, hams, sugar, cottonseed oil, peanuts, potatoes and steers.

Lower were flour, wheat, barley, bellies, butter, peas, eggs, hogs and lambs.

Richardson County Is Named In $40,000 Suit

Richardson county was named defendant Tuesday in a $40,000 Federal court suit resulting from the death of Elmer E. Fouraker in an accident March 21.

The suit alleges that the accident was due to faulty condition of a bridge one and one-fourth miles west of Falls City. According to the petition the floor of the bridge gave way while a truck in which Fouraker was riding was crossing it. The truck plunged into the creek, and burst into flames which burned Fouraker to death.

Y.M. Group Names New subcommittee

A subcommittee for interpreting the "movement membership" to the people of Lincoln was named Monday night at a meeting of the Y.M.C.A. membership committee.

The subcommittee consists of Alf Adams, chairman, R. J. Cedardahl, Warren Parker and A. W. Epp.

The movement membership has been set up for those who cannot participate in physical training activities of the Y.M.C.A. but who are interested in joining it as a world-wide movement, according to M. H. Rector, membership secretary.

Spring And Activity Are Synonymous At Hillcrest Club

SPRING CAME KNOCKING at the Hillcrest Country club door, and it opened wide last Saturday evening for a dinner dance that ushered in the 1949 season at the country club east of town. Reservations, we were told, were closed days in advance of the Saturday evening party for which the committee (pictured below) included, from left to right: H. H. Hobbs, Mrs. Hobbs, Mrs. Howard Burnett, Mrs. Art Boyer, Howard Burnett, J. G. Duranske, seated on arm of sofa, and Mr. Boyer.

But before the dinner dance plans already were completed for the first ladies' day of the season on Tuesday.

Our photographer arrived just in time to see (left to right) Mrs. Bernie Anderson, Mrs. Marshall Hewitt, ladies' golf committee chairman; Mrs. Harry A. Scott and Mrs. D. E. Murray, begin their morning play. The golf events were followed by a luncheon which preceded an afternoon of bridge, and at which the golfers and the devotees of bridge joined forces.

Wondering how many aces each other has up her sleeve are, left to right: Mrs. Stanley Wrobleski, Mrs. S. S. Scott, Mrs. Glenn Yaussi, who seems to be giving her partner moral support—and Mrs. C. R. Philbrick.

Golf honors in the Tuesday morning events went to Mrs. H. A. Scott, winner in the championship in low putts; Mrs. Fred Bowers, president's flight in low putts, and Mrs. Jerry Gunderson, secretary's flight in low putts.

High honors at bridge in the afternoon went to Mrs. Bert Ryan, while Mrs. C. L. Otto made second high score, and Mrs. Stanley Wrobleski low.

Sometimes It Pays To Look Both Ways At Once

WONDER WHY NO ONE THOUGHT, back in the dark ages—to call the day that comes in mid-week, Janusday—Not, of course, that it makes too much difference since we can look backward to early week, and forward to late week, anyway. And that is what we are doing today.

• • •

WE HEARD THAT Mr. and Mrs. H. H. Erwin came from Fremont last week-end to spend Easter with Mr. Erwin's sister, and Mrs. L. F. Seaton, and his mother, Mrs. C. N. Erwin.

• • •

AND IT WAS LAST SUNDAY, so someone told us, that Robert Dobson was taken to Bryan Memorial hospital for an emergency appendectomy.

• • •

SPEAKING OF EARLY WEEK—Mrs. Myron Loomis returned then from Manhattan, Kas., where she had been spending a week as the guest of her son and daughter-in-law, Mr. and Mrs. Richard Loomis, and her new granddaughter, Linda.

• • •

THEN WE WERE TOLD THAT Mr. and Mrs. George B. Cook left last Thursday for a two weeks trip to California—stopping in Denver and in Arizona, en route—

• • •

LEARNED THAT MR. AND MRS. Jeff Martin are slowly but surely getting settled in their brand new home at 900 Fall Creek road—

• • •

INVOLVING BOTH THE backward and forward look is Dr. Carl Bumstead who, it seems, has most of his hospitalization behind him, and is looking forward to his release from Lincoln General.

• • •

EYES TO THE FRONT now, we take on the remainder of the week—On Friday evening the Lincoln Junior League will present its very first performance of "Alladin and the Wonderful Lamp," to a large number of guests who will include members of the board of education; members of the school board; members of the Lincoln P.T.A. council, and presidents of the P.T.A. groups; school principals and school personnel, plus a few other invited guests, at Irving junior high school. Curtain call is for 8 o'clock.

In addition to Lincoln guests at the preview performance — there will be a group from Omaha. Among them will be Mrs. Elizabeth Poppleton, composer of the original music for the play which was written by Elizabeth Brown Dooley who also did the lyrics. Included in the Omaha group for the performance will be Dr. and Mrs. Harold Gifford. Mrs. Gifford is a member of the Omaha Playhouse board, and is noted for her stage and costume designs.

• • •

THURSDAY WILL BRING Mrs. Kermit Hansen (Mary Rosborough) and her two young sons, Kurt and Eric, from Omaha to be the guests of Mrs. Hansen's parents, Mr. and Mrs. John Rosborough. Coming with Mrs. Hansen and her sons will be Mrs. Gladys May, also of Omaha.

On Friday afternoon Mrs. Hansen, accompanied by Mrs. May, will present a program of songs before a small group of guests at the home of her parents.

• • •

UNDERSTAND THAT Dr. George Walker is expected home some time this week from Berkeley, Cal., where, with Mrs. Walker, he has been the guest of his son-in-law and daughter, Mr. and Mrs. Don Horning. Mrs. Walker, however, is remaining in Berkeley for a longer visit.

• • •

FRIENDS OF MR. AND MRS. Walton G. Roberts will be happy to learn that Mr. and Mrs. Roberts plan to come to Lincoln from Denver the fore part of May, to spend several weeks here.

• • •

IN OUR VACATIONERS DEPARTMENT today we have Miss Nim Louise Guile who is holidaying in Virginia.

SCANNING THE THURSDAY horizon we find that Miss Lillian Charters will be a dinner hostess at her home Thursday evening when she entertains the members of a birthday club in prenuptial courtesy to Miss Velda Benda whose marriage to Sidney Anderson will take place soon. Dinner places will be arranged for ten, and the after dinner hours will be spent informally. Miss Benda will be presented with a one-gift shower.

Meeting Of Axis

The regular meeting of the Axis Business and Professional Women's club was held Tuesday evening at the YWCA with Miss Mary Kubetzki presiding. Guest speaker was the Rev. Charles R. Danners, who is in charge of the Cedars home. The Rev. Danners discussed the functions and purpose of the home.

Fifty members of Axis were present.

Women Voters Study Group

Study group five of the Lincoln League of Women Voters will meet at 10 o'clock, Thursday morning, at the home of Miss Sarah T. Muir, 1801 South Seventeenth street.

We Hear That—

Mr. and Mrs. James Hunter, jr., and their children, Joan Ellen and Jimmy, returned home on Wednesday after spending the Easter holidays at Fairfax, Mo.

• • •

Announcement has been made by Mr. and Mrs. Gordon Ayers, 2120 Garfield, of the arrival of their four months old daughter, Andrea, on Monday, April 18.

Tuesday-Meeting Day For Lincoln PTA Groups

Members of the local units of the Lincoln Parent-Teacher Association gathered at the various schools Tuesday afternoon and evening for the regular monthly meetings of the organization. Highlighted by the annual election of officers, the meetings also featured guest speakers.

Named president of Prescott P.T.A. on Tuesday afternoon was Mrs. Jess Weyand who will be assisted during the coming season by Mrs. Eugene Cook, first vice president; Mrs. D. L. Regur, secretary; and Mrs. Norman Wilson, treasurer.

Mrs. Ben Joyce presided at the business meeting and announced that the Fun Night proceeds would be used to purchase books and records for the school library. Life memberships were presented to Miss Florence Butler, Mrs. Herschel Tisdale and Mrs. Howard Wilber, after which Mrs. R. D. Williams introduced Miss Florence Jenkins, a member of Lincoln high school faculty, who spoke on, "World Understanding."

Pupils of Miss Ethel Alberts presented a dramatization, "Spring," and opening exercises were given by Miss Edna Thompson's pupils.

SARATOGA P.T.A.

Mrs. James Wynkoop presided at the meeting of Saratoga P.T.A. Tuesday afternoon, and the city council report was given by Mrs. Adolph Peeks. A report on the annual Fun Night program was presented by Mrs. Hans Hauschild.

A program of songs and games was presented by first grade pupils of Miss Ruth Carveth, and first graders of Miss Mildred Korbels recited poems, songs and demonstrated a reading lesson. A girls' quartet including Carol Els, Diane Robotham, Janet Goldenstein and Sharon Smith sang a group of songs.

New officers for Saratoga P.T.A. are: Mrs. D. J. Platt, president; Mrs. H. J. Haunschild, first vice president; Miss Mildred Korbel, second vice president; Mrs. M. G. Counter, secretary; Mrs. C. L. Broner, treasurer; and Mrs. Alexander Bauer and Mrs. John Spealman, council representatives.

Refreshments were served by the following hostesses: Mrs. Orville Haack, Mrs. Ray Talbott, Mrs. R. L. Teleen, Mrs. Tom Goldenstein, Mrs. Al Fischer and Mrs. G. Bartholomew.

SPECIAL PROGRAM.

A special program featuring world understanding was given Tuesday afternoon at Park school when Mrs. Juris Garbars gave a talk on Latvia. Frocked in native Indian costume, Mrs. John Angermeyer described living conditions in Ecuador and the Galapagos Islands, and pupils Marie McCullough, formerly of Scotland, and Christian Hude, who has resided in France, were introduced to the group.

Sixth grade pupils of Cloyd Kitt, directed by Miss Mildred Ohslund, sang an original composition, after which reports were given by Mrs. Charles Lebsock, secretary; Mrs. Alex Schumacher, treasurer; and Mrs. Alfred Gerlach, council representatives.

The following officers were elected: president, Mrs. Charles Lebsock; first vice president, Mrs. F. S. Lange; second vice president, Mrs. Reba Roth; secretary, Mrs. Gould Willis; treasurer, Mrs. Alex Schumacher; auditor, Miss Vera Murray; and council representatives, Mrs. Alfred Gerlach and Mrs. Albert Schwartz.

Hostess chairman for the afternoon was Mrs. George Kaufman who was assisted by Mrs. Esther Zimmerer, Mrs. Harold Bauer, Mrs. Gus Schritt, Mrs. Ted Sitzman, Mrs. Scotty Harris, Mrs. Reinhold Wink and Mrs. Alfred Gerlach.

MENTAL HEALTH.

A talk on mental health in Nebraska was given by Dr. Janet Palmer at the meeting of College View P.T.A., Tuesday afternoon, at the school. Following Dr. Palmer's talk, the kindergarten pupils of Miss Sylvia Korbel sang songs, and third grade pupils of Mrs. Katherine Duffield presented choral readings.

Mrs. Julius Humann presided at the meeting at which time Miss Anna Zeeman announced the pre-school clinic for pupils entering school next fall, to be held at 1:15 o'clock, April 29. Mrs. Laurence Downard announced an increase of membership for College View P.T.A., and the council report was given by Mrs. John Madden.

Elected president of the group was Mrs. Rasche Meyers, who will have as assistants Mrs. Harley Van Allen, first vice president; Mrs. Charles Weatherford, second vice president; Mrs. Maurice Frazier, treasurer; Mrs. Robert Cheney, secretary; and Mrs. Glen Simmons and Mrs. Julius Humann, council representatives.

Serving refreshments were Mrs. Blanche Graves, Mrs. Mae Eden and Mrs. Paul Woodhead, co-chairmen, assisted by Mrs. V. A. Panghorn and Mrs. E. A. Edwards.

MUSICAL PROGRAM.

Members of the Whittier school orchestra played three selections for the April meeting of the Whittier P.T.A., Tuesday afternoon, in the school auditorium. Also participating in the program were Bonnie Higel, pianist; Jerry Raper, drummer; Ken Grosenbach, clarinetist, accompanied by Mrs. A. D. Grosenbach; and Karen Bahr and Marilyn Miller, duo-pianists.

Mrs. Roy Brendle presided at the business meeting, and a talk on Family Recreation was given by Mrs. Zora Tennant. The annual election of officers closed the meeting. President for the coming year will be Mrs. Roy Brendle; first vice president and membership, Mrs. Ben Yost; second vice president and social chairman, Mrs. Lloyd Daharsh, assisted by Mrs. Lloyd King; third vice president and program, Mrs. Mark Bullock; fourth vice president and ways and means, Mrs. A. D. Grosenbach; secretary, Mrs. E. M. Hallett; treasurer, Mrs. Arnold Strom; and council representatives, Mrs. A. C. Wehr and Mrs. Jacob Reifschneider.

At the close of the meeting, tea was served by Mrs. Lloyd Daharsh assisted by Mrs. Lloyd King. Presiding at the tea table, which was centered with an arrangement of yellow tulips and daffodils were Mrs. Arnold Strom and Mrs. A. D. Grosenbach.

OFFICERS NAMED.

Elected president of Clinton P.T.A. at the regular Tuesday afternoon meeting was Mrs. C. B. Ellis, and other officers named included: first vice president, Mrs. Paul Suder; second vice president, Mrs. Sterling Amiot; third vice president, Mrs. Faye E. Best; secretary, Mrs. E. M. Feldman; treasurer, Mrs. Henry Bett; and council representatives, Mrs. A. C. Wehr and Mrs. William Bowers.

Mrs. Wehr presided at the meeting and a special display of handcraft was presented by pupils of Mrs. Laurie Sheeper. Mrs. Charles Price, garden chairman of the city P.T.A. council, spoke on the school garden project, after which Mrs. Florence Walt gave a talk on social hygiene illustrated with a movie. The council report was presented by Mrs. William Bowen.

Chairman of the hostess committee was Mrs. C. B. Ellis who was assisted by Mrs. Howard Wilson and Mrs. Fred Dean.

GUEST SPEAKER.

Guest speaker at the April meeting of Hawthorne P.T.A. was Dr. C. Vin White, minister of First Presbyterian church who addressed the members on, "A Child in the Midst."

Presiding at the business meeting was Mrs. Charles E. Nelson, and hostesses for the afternoon included Mrs. Dan Reed and Mrs. E. A. Fontaine.

At the election of officers, Mrs. Raymond McPherson was named president; Mrs. Don Martin, vice president; Mrs. E. C. Schwartz, second vice president; Mrs. Donald Reed, secretary; and Mrs. S. A. Peters, treasurer.

COMIC BOOKS.

A talk on comic books and the influence they have on children was given by Julius Humann at the meeting of Riley P.T.A., Tuesday afternoon, at the school. Mr. Humann illustrated his talk with colored slides of various comics, and showed how comics could be used in an educational way.

A program of music was given by the Riley school orchestra after which the business meeting was held with Mrs. D. A. Keys presiding.

Mrs. Lester Larsen was elected president of the group and other officers named include: Mrs. Clark Gutru, vice president; Mrs. Richard Heckman, secretary; Mrs. Herbert Glancy, treasurer; Mrs. Laurence Larson and Mrs. James Fox, council representatives; and Mrs. Lester Larsen, delegate to the state P.T.A. convention at Grand Island.

APRIL MEETING.

Mrs. Loy Graft was named president of Havelock P.T.A. at the monthly meeting of the organization Tuesday afternoon at

Nebraskans In Washington D.C. Plan Big Charter Day Party

Major General Lewis A. Pick, newly appointed chief of the army corps of engineers and former division engineer at Omaha, will be guest speaker at the Charter day dinner of the University of Nebraska Alumni club of Washington Saturday evening, April 23, at the Copper Bowl, Alban Towers.

Besides receiving nationwide recognition as director of "Operations Snowbound" in the west during the last winter, General Pick is well known for building the Ledo Road in the China-Burma-India theater and as father of the Pick-Sloan plan for development of the Missouri river basin.

Alumni club officers will be elected and Clifford Sandahl, newly appointed alumni association director for this area—Maryland, District of Columbia, Virginia, West Virginia, North Carolina and South Carolina—will be introduced at the dinner. Sandahl, formerly of Lincoln and now managing editor of Business Action, U. S. Chamber of Commerce, succeeds Ralph A. Van Orsdel, formerly of Omaha and Lincoln, who retired recently as vice president and general counsel of the Chesapeake and Potomac Telephone companies.

Following the dinner, the alumni club members plan to join with the Nebraska state society at an Arbor Day dance at the Wardman Park hotel.

Present alumni club officers are Arthur Bailey of Ord, president; Mrs. Irene Hollenbeck Pigaga and John D. Becker, both of Omaha, vice presidents; Jessie Stearns of Lincoln, secretary-treasurer; Virginia Kirkbride of Blue Hill, immediate past president; Arthur Schroeder of Seward, zone president.

The Arbor Day dance at the Wardman Park hotel, which will be attended by the Washington alumni of the University of Ne-

Cost Of School Re-Districting About $26,750

Supt. Reed Tells Budget Committee

Administration of the school district re-organization act would cost the state about $26,750, State Supt. Wayne Reed has estimated.

The act is now awaiting the governor's signature.

Appearing before the legislature's budget committee yesterday, Reed said $15,200 of the cost would be for personnel. State and county re-district committees would not share it, however since they would receive no pay.

Reed also told the committee that an estimated $75,000 would be needed to pay tuition of children of military personnel stationed in the state, in view of increased tuition rates authorized by the legislature. The figure had been budgeted as $60,000.

Budget chairman John Callan suggested that Reed determine how much could be saved by eliminating such payments where the family lives off the base.

Chiropractor Bill Held.

Public health committee met to consider the chiropractor bill, the only one left on its list, but on a tie vote, the measure stayed in committee.

Sen. Louis Holmes of Grand Island prepared an amendment to the gasoline tax bill to limit the proposed one-cent increase to two years.

He said he offered the amendment on the theory that the proponents of the road program could justify continuation of the higher tax after two years of operation with the additional revenue.

The governor signed into law LB 67, a bill providing for the filling of vacancies on the board of trustees of a sanitary district. The measure, which carries the emergency clause and goes into effect immediately, also provides for a filing fee for candidates for sanitary district trustees, and issuance of warrants and procedure for assessment of special benefits.

Camera Club Sees Slides On Guatemala

Color slides of Guatemala were the feature Tuesday night at the Lincoln Camera club meeting at the Y.M.C.A.

Elizabeth Grone, teacher at Lincoln high school, who spent the past summer in that Central American country, showed and discussed the slides.

Floyd R. Schroeder, president of the club, presided.

Star Carrier Of The Week

GLEN DOREMUS is the young man who delivers and sells The Lincoln Star to the people of Utica, Neb. He is the son of Mrs. Elmer Doremus of that town.

When the citizens of Utica think Star, they probably think the name Doremus, as this family has handled the route over a long period of years. Arthur, Floyd, Richard, Dwayne and now Glen Doremus all have been Star carrier salesmen.

Glen likes sports and was student manager of the basketball team. He plays trombone and is a member of the school orchestra. He takes an active part in church work and is president of the Walther League of his church.

Repair Man Hurt In Fall Is Recovering

James Howland, Weeping Water resident and trouble shooter for the Lincoln Telephone and Telegraph company, was reported "doing pretty well" Wednesday by local hospital officials.

He was seriously injured in a telephone line accident at the Chris Hansen farm near Weeping Water Monday.

Howland was making repairs on the Hansen place while the family was away. Eugene Allen, employed by the Hansens, returned from the field and found Howland lying at the foot of a pole.

Howland suffered head and leg injuries and possible internal injuries when he fell as a pole broke off.

Camera Stolen — Richard D. Hunt, Y.M.C.A., reported to police the theft of a 35 mm. camera valued at $60 from his car April 3, while it was parked near the Turnpike.

Another Dip In Prices Of Wheat Seen

. . . Right After Harvest

WASHINGTON — (AP) — The agriculture department said today there may be another dip ahead in wheat prices. It is likely to come right after harvest of this year's prospective big crop.

But a drop probably would be followed, the department said, by some recovery in prices to price-support levels established by the government under direction of farm legislation.

Wheat prices dropped rather sharply in February, but regained most of the lost ground.

The department made these forecasts in its monthly report on the wheat situaiton. It said the government price-support rate for the 1949 crop is likely to be around $2.20 a bushel for No. 2 hard winter wheat at Kansas City. This is 3 cents less than the rate for the 1948 crop.

This year's wheat crop may reach 1,310,000,000 bushels, it said. This would be second to the record of 1,367,000,000 in 1947.

Such a crop would allow 650,000,000 bushels for export or addition to domestic reserves in addition to meeting this country's own expected needs of about 655,000,000 bushels.

Assuming exports of 450,000,000 bushels from the 1949 crop, a balance of around 200,000,000 would be left for addition to a present reserve of about 300,000,000 bushels.

Services Thursday For Mrs. McGrew

Funeral services for Mrs. Rebecca McGrew, 65, 434 North Twenty-sixth street, who died Monday night at a local hospital, will be held Thursday, 11 a. m., at Helmsdoerfers. Rev. W. P. Hill will officiate and burial will be in Wyuka.

Mrs. McGrew had been a Lincoln resident since 1913 and was a member of East Lincoln Christian church.

Surviving are two sons, Edwin, Riverside, Ill., and Paul, Laramie, Wyo.; six sisters, Mary Ann Orman, Mrs. J. J. Wren, Mrs. George Shobe, all of Ottumwa, Ia., Mrs. J. A. Carson, Belknap, Ia., Mrs. Sarah Christy, Bloomfield, Ia., and Mrs. Earl McGrew, Lincoln; four brothers, William Orman, Belknap, Ia., Elmer Orman, Hopkins, Mo., Charles H. Orman, Bakersfield, Cal., and C. M. Orman, Lincoln, and four grandchildren.

The monastery of St. Urban, near Zofingen, Switzerland, produced great quantities of clay tile for floors and walls during the 13th century.

20 Pct. Drop In Traffic Fatalities

For 1949 In State As Compared To '48

Although traffic movement on Nebraska's highways has increased 41 per cent since 1937, traffic fatalities have been reduced 25 per cent during the period, Capt. C. J. Sanders of the state safety patrol said Wednesday.

Tuesday's three traffic fatalities —one near Wood River, and two south of Cortland—boosted the state's total for 1949 to 43. Up to Monday the total was a 20 per cent reduction under the 50 fatalities for the same period last year.

Check Car.

Traffic fatalities have averaged 240 per year since 1937, but still a 25 per cent reduction under the 322 fatalities that year. Nebraska ranked third nationally in reduction of fatalities for the first two months of the year, Capt. Sanders stated.

"Give special attention to the condition of brakes, lights and tires," he urged motorists. "A safety check may save your neck," he added.

"Adverse weather and road conditions have held the speed of drivers down. Spring now brings out that urge for speed in some drivers. Watch for those careless drivers and be prepared to prevent the accident they can cause," he reported.

Junior-Senior Banquet Held By Cortland High

Joyce Fuhrman, junior class president, served as toastmistress Tuesday night for the Cortland high school junior-senior class banquet at the Cornhusker hotel.

Eleven seniors, led by class president, Deloris Hansen, were honored by the 13 juniors. Floyd Burke, superintendent at Cortland, his wife and Mr. and Mrs. Henry Deunk were faculty guests. Mrs. Deunk, who is senior class sponsor, is principal of the school.

Theme of the banquet followed the class motto: "We have crossed the bay, the ocean lies before us."

Senior class history was read by Audrey Doolittle, and the class prophecy was given by Barbara Carrison. Bernadine Martinez read the class will.

The Vatican estimates the number of U. S. Catholics increased from about 22,000,000 in 1939 to about 26,000,000 in 1949.

Carroll West To Be Kiwanis Guest Speaker

Carroll R. West, former public relations officer at the Lincoln army air base, now assistant secretary of Kiwanis International and director of the activities division, will address the Lincoln Kiwanis club Friday noon, President Don I. Parker announced.

Friday will be "100 per cent perfect attendance day" for the 74 clubs in the Nebraska-Iowa district with a total membership of 5,123.

Prior to joining the executive staff of the International headquarters in Chicago, West served four years in the United States army air forces. Attaining the rank of lieutenant colonel, he was placed on inactive status upon his return from the Asiatic-Pacific theater, where he served for 18 months. He served as public relations officer at the Lincoln base when it was first established.

CARROLL R. WEST

Before enlisting in the army, immediately after Pearl Harbor, West was connected with a major oil company in its division offices at Denver. He became a Kiwanian in 1936 at Poplar Bluff, Mo., and later was a member of the Denver club.

He is a member of the Reserve Officers association, the American Legion, and is prominent in church affairs in Evanston, Ill., where he and Mrs. West reside.

Mulder Youths Found Innocent Assault Charges

Don and Charles Mulder, Route 2, Lincoln, were found innocent of assault charges Monday afternoon and the case dismissed by Municipal Judge Edward C. Fisher.

Judge Fisher's written ruling followed the April 15 trial for both defendants who pleaded not guilty.

The state complaint charged the two assaulted Henry Gropp, 219 C, during a heated argument between their father and Albert Waneska, in front of Gropp's place.

Candidates Tell School Aid Stand

Board Nominees Are Heard At PTA Forum

Four candidates for the school board in the May 3 election juggled a hot one Tuesday night in a forum discussion at the Y.W.C.A. sponsored by the Lincoln Council of Parent-Teacher associations.

What started out to be a forum at which the candidates espoused their respective stands on issues facing the board evolved into an informal debate on the relative merits of state and federal aid to education.

After making known their position in the past and how they would act in the future, none of which differed noticeably, candidates faced a barrage of questions from teachers.

Candidates Cornered.

The teachers cornered the candidates first on state aid, then on federal aid.

It came about when a teacher asked Candidate George Lemon, incumbent, why the board, "which is always sounding the need for more funds," did not support the bill providing for state aid in the legislature.

Lemon, after successive rapid-fire questions, said that he did not approve of "the principle" of government aid, because "it all comes out of the same pocket in the long run." He then said that he would "accept" federal aid "if the people show their approval."

Jess Williams, who was unable to remain for the entire discussion, opposed federal aid to schools. He said the wages of teachers are inadequate. He emphasized the necessity for a good school health program and was in favor of more complete industrial arts courses.

Would Lead To "Control."

Candidate Dr. Stanley G. Zemer said that he was opposed to federal aid, but favored a limited amount from the state. Dr. Zemer's ground for opposition was that it would lead to "gradual control and regimentation."

Dr. Zemer, too, when quizzed directly, said that he would accept federal aid "if the people voted it." He made it plain, however, that he would do so reluctantly and "against my better judgment."

From Candidate J. Lee Rankin the teachers got the same answer.

Favors "Certain Amount."

Rankin stated that he "would favor a certain amount of state aid," but "the teachers themselves must see to it that there is no federal aid." He too said that he would "accept aid from the federal government if such aid were made available."

One woman got the floor and declared: "I don't care if I do lose my job. I'm for the sales tax and the legislature."

The meeting then adjourned.

Fourth Lecture In Communism Series At N.U. Tonight

The fourth in a series of public lectures aimed at an examination of the difference between communism and western democracy will be given Wednesday at 8 p.m. by Dr. Gerhard Krebs, University of Nebraska political scientist, at Love Library auditorium.

Dr. Krebs' subject will be, "Individual Rights Under Communism." Dr. Krebs is a visiting professor of the Nebraska campus this year from Western Reserve university in Cleveland, Ohio. He is a specialist in comparative forms of government and political theory.

The public is invited.

White Is Business Expansion Chairman

Walter W. White is the new chairman of the business expansion committe of the Lincoln chamber of commerce, according to President John F. Lawlor.

"While all chamber committees are working for the development and growth of Lincoln, the business expansion group is particularly responsible for working with new enterprises which might be interested in coming into Lincoln," Lawlor said.

Through the chamber's industrial department, the committee is kept informed on the availability of housing, labor supply, commercial and industrial building facilities and other basic factors which must be possessed by a city in order to attract new business, he stated.

James R. Critchfield of the chamber staff is committee secretary, and Vice President Giles Henkle is an ex-officio member. Other committeemen are:

George Abel, jr.	George Knight
Victor Anderson	Robert Lau
John M. Campbell	Gardner Moore
H. L. Carson	R. A. Phillips
B. G. Clark	Harry Simon
Byron Dunn	Ernest L. Smith
J. John Grainger	William M. Stoner
Howard Hadley	Charles T. Stuart
John Hedge	Willard Townsend
Walter Henrion	Burnham Yates

JACKMAN HEADS GROUP FOUR OF STATE BANKERS

HASTINGS, Neb.—(AP)—E. E. Jackman, president of the Farmers National bank of Grant, was elected president of group four of the Nebraska Bankers association at the close of a one day meeting Tuesday in Hastings. Over 100 bankers of the 16-county area attended the meeting and heard pleas for soil conservation in Nebraska farm land.

Other officers named included William Kort of Blue Hill, vice president, and H. M. Krogh of McCook, secretary-treasurer.

The election was climaxed by an afternoon of addresses by Edwin Kent, Juniata farmer who told of his trip to Europe last fall, Byron P. D. Demorest, editor of the Omaha Daily Journal Stockman, and Dooley Dawson of Houston, Tex.

by WALTER KIERNAN — one man's Opinion

(Distributed by International News Serv.)

Election of a dentist as president of Paraguay has inspired our republicans . . . next time they are going to try novacaine.

KIERNAN

And he should be good for a long term if he uses his laughing gas right.

But it was nice of him to wire his opponent . . . "Now that didn't hurt a bit, did it?"

At least he won't have Mr. Truman's problem of trying to get testh in his laws.

All he has to do is get up before his legislature say, "Open wide, please" and lean forward with the drill . . . They'll give him anything he wants.

It's unusual to find a dentist in public office . . . Their training is more for private office.

But if anyone can pull a country through it should be the man with the forceps.

European Recovery Phalanx Club Topic

European recovery was the topic of a round-table discussion Tuesday night at the meeting of Phalanx fraternity and at the Y.M.C.A.

Various aspects of the program and its justification were discussed following the evening dinner.

Members made reports on plans for a trip to Joplin, Mo., April 22 and 23 where they will attend the area Y.M.C.A. youth adult conference.

Seven members will make trip. They are: Lloyd Jones, Marvin Olson, Roland Eicher, John Schubert, George Bent, Phil Smith, and M. H. Rector, who will be in charge of the group.

Sen. Mundt Urges U. N. Spy Check

. . . Cites Gubitchev Case

WASHINGTON — (AP) — Sen. Mundt (R-SD) proposed today that the house un-American activities committee try to learn whether spies and saboteurs are being funneled into the United Nations organization.

Mundt said he has been pushing committee members to start an investigation and they seem "favorably disposed."

The South Dakotan was a member of the committee before shifting from the house to the senate this year. The present members were not available for comment because the house is taking an Easter holiday until next Monday.

Mundt mentioned the case of Valentine A. Gubitchev, a Russian on the U.N. payroll.

Two Await Trial.

The FBI has arrested Gubitchev and Miss Judith Coplin, a justice department employe, and accused them of conspiring to steal secret information from the U. S. government. They are awaiting trial.

The fact that arrests were made in the Gubitchev case, Mundt told reporters, suggests the need for a complete check-up by congress to determine:

1. Whether U.N. headquarters at Lake Success, N. Y., is a "hiding place for Soviet espionage agents and other underirables."
2. Whether U.N. is issuing "super-passports" that have more authority than those of the U.S. government.
3. The "shocking extent" to which he said former government workers fired security reasons promptly get good ous

Several congressmen have been hitting that last point hard in recent weeks. Pep. Stefan (R-Neb) told the house the U.N. educational, scientific and cultural organization "has become a haven for communists and their sympathizers booted out of U. S. government jobs."

Apparently, he said, they are received "with open arms into that international agency which American taxpayers are supporting to the tune of $2,928,773 annually."

RUDOLPH MARVICKA.

ST. PAUL—Funeral services for Rudolph Marvicka, 62, who died Sunday following a heart attack, were held Wednesday morning. A lifetime Farwell resident, he had farmed for many years. Surviving are seven brothers and five sisters.

Sister Kenny Withdraws As Polio Foundation Head

. . "Mission To U. S. Fulfilled," Australian Declares

MINNEAPOLIS—(AP)— Sister Elizabeth Kenny, originator of a treatment for infantile paralysis, today announced she had relinquished administration of the foundation bearing her name.

The foundation operates seven centers in the United States for treatment of the disease.

Sister Kenny has been replaced by Dr. E. J. Huenekens, a Minneapolis pediatrician who has practiced medicine for 40 years. He is also a clinical professor of pediatrics at the University of Minnesota medical school.

Chief significance of the change, Dr. Huenekens said, is that the foundation "now has medical auspices and a change of atmosphere." Sister Kenny is an Australian nurse.

Consultant Only.

She will make her home here where her treatment got its first real recognition by medical men. She will serve as a consultant, but only at the request of Dr. Huenekens, he said.

Sister Kenny said "my mission to the United States has been fulfilled in every possible way. That is, my contributions have been investigated and evidence of scientists support my clinical observations."

She said that owing to her work, "It is possible to give a satisfactory treatment in the acute stage of the disease where previously no treatment was thought advisable, and a much more satisfactory treatment has been presented for the convalescent stage."

Briefly, the Kenny treatment consists of attention to other muscles of the body as well as those paralyzed. Previous treatment, Dr. Huenekens said, was more concerned with the paralyzed muscles.

In the Kenny treatment, hot packs are used, muscles and tendons are stimulated and muscles and nerves are "retrained." Contracted muscles are also stretched.

Dr. Huenekens said he hopes to work "in close co-operation" with medical schools, medical societies, the National Foundation for Infantile Paralysis and the American Medical association.

He said that whereas portions of the Kenny treatment have been adopted by the medical profession, all of the methods are not being used. He said he will seek to encourage their use.

He emphasized that the Kenny method is only a treatment—not a cure—and that it does not completely do away with the necessity for surgery in some cases.

Slister Kenny is 62 years old. Se has done research work in infantile paralysis since 1911. She came to the U. S. in 1940 and was permitted to demonstrate her treatment here. The board of public walfare of Minneapolis first provided funds for her treatment in 1940.

She said she does not intend to become a citizen of this country and may visit Australia from time to time.

Townsend Meeting — Townsend club No. 2 will meet Wednesday evening at 6:30 to elect delegates to the regional convention at St. Paul, Minn. The election will be held following the regular dinner.

PARKING RECOMMENDATIONS BY POLICE WON'T EASE PROBLEM

. . . Some "O" Street Meters May Be Re-set

Lacking a quorum, the city traffic commission Tuesday night took no action on the diagonal parking headache but scheduled a meeting for Saturday noon. The commission's recommendations will go to the council for its action Monday.

A letter from Traffic Captain Paul Shively and Police Chief Joe Carroll setting forth the police department's recommendations on the changeover from parallel to diagonal parking was read.

The letter offers two alternatives: an angle of 25 degrees if adopted would not require resetting any meters and would create no additional parking stalls.

The second alternative would be to establish a 35 degree angle as on O street. This would require resetting 237 meters and installing 100 new ones at a cost of about $1,200. This figure does not include the cost of the new meters but merely their installation.

The $1,200 would be offset in time by the revenue from the new meters. Fourteenth from M to O, Thirteenth from M to Q and P from Ninth to Fourteenth are the only streets in the parking meter area affected by the changeover.

There will be a loss of parking stalls on several streets, notably Eighth between M and Q and on Seventh from P to Q, in front of the Burlington station, if the department's recommendations are adopted.

Parking would be eliminated on Eighth from M to Q and on the east side of Ninth from Q to the loading dock of The Lincoln Journal. Railroad tracks used continuously for switching, loading and unloading boxcars are located on both sides of Eighth and on the east side of Ninth as far south as P adjacent to the curb. There can be no parking within four feet of the rail nearest the center of the street.

An additional spur track in the center of Eighth between M and O makes diagonal parking impractical. The parking would cut off the traveled portion of the street, the letter says.

The department recommends eliminating parking in the center of Seventh from P to Q, in front of the Burlington station, and the installation of 35 degree angle parking at the west and east curbs. The wording of the ordinance eliminates the center parking. Currently, cars are parked on both sides of a cable running down the center of the street with their left front wheels touching the imaginary curb. The amended ordinance provides that the right wheel of the vehicle shall be parked at the curb. It would be impossible to park in this manner unless cars entered the center portion from the wrong side of the street.

No Parking Area.

Another factor complicates parking in this one block. The Burlington retained the right to veto city regulations on the west half of the street when it deeded the land to the city. The west curb is presently used for parallel parking of cabs and this will continue if the railroad says so.

The department wants no parking on the south of side of O between Seventh and Eighth. It says it would be impractical to allow any parking here because of the 18 foot width of the street on the east side. The remaining portion would be posted as no parking because a railroad track cuts across the street at an angle from the southwest to the northeast of Seventh at N.

The police recommend 35 degree angle parking on the north side only of M from Seventh to Eighth. The south side of the street is a loading dock for a creamery. The street is 40 feet wide.

The angle of parking on Q between Ninth and Fourteenth should not exceed 35 degrees the department says. The greater the angle the more hazardous the street will be because in addition to relieving R street traffic, Q is now used by emergency vehicles including fire and police and all east bound trucks from the wholesale district.

Commission Divided.

Two schools of thought seemed to be developing in the commission. Clarence Hinds said the commission had to do the best it could within the limits of the amended ordinance. Considerations of public safety and movement of traffic should take precedence over other factors such as creating more parking stalls.

New Commission Chairmen Joe Fenton told Police Chief Carroll that he had authority to establish the angle which is best from safety and traffic movement standpoints. Both apparently would favor the 25 degree angle.

Hal Mardis said the commission would have to carry out the spirit as well as the letter of the ordinance. The voters had the type of angle parking now most prevalent.

35 degrees, in mind when they approved the ordinance. The commission would have to give them as near that as possible, Mardis said.

In other action the commission agreed informally to permit Bryan Memorial hospital to set its curbs and sidewalks back on the north side of Sumner street south of the hospital to permit diagonal parking. The move would give the hospital 13 diagonal stalls contrasted to 8 parallel stalls and still would not impede traffic.

DIVORCE CASES

Roland Theodore Petri filed for divorce from Darlene M. Petri in District court, charging extreme cruelty and asking restoration of her former name of Girton. Marriage took place April 12, 1947 in Lincoln.

Walter W. Brandhorst filed for divorce from Agnes Dolsky Brandhorst, charging extreme cruelty and asking that the defendant be given her former name Dolsky. Married May 29, 1948 at Seward.

Mary Jane Hurley filed for divorce from Robert W. Hurley, charging extreme cruelty and asking restoration of her former name of Carlson. Married April 5, 1946 at Union, New York.

Maxine M. Neihart was granted a divorce from Robert G. Neihart on grounds of extreme cruelty. Marriage took place Oct. 3, 1941 at Washington, Kas.

SEEK DOG POISONER.

SCOTTSBLUFF, Neb. (AP)—Rewards totalling $300 have been offered for a dog poisoner here following the deaths of five dogs in a week. W. G. Scofield, who said he raised $250 of the reward money, explained that the offer was made mostly out of fear that children would get into the poison.

Safety Banquet Speaker Will Be Roland P. Blake

. . . U. S. Engineer

Roland P. Blake, principal safety engineer of the national bureau of labor standards, will be guest speaker at an industrial safety banquet April 27 sponsored by the Lincoln chamber of commerce and the Lincoln-Lancaster Safety council.

Blake will report on the president's conference on industrial safety held in Washington last March and interpret findings on local and state levels.

The groups estimate that aggregate occupational accidents are costing Lincoln upwards of $400,000 a year. This amount represents combined totals of direct and indirect losses arising from industrial accidents. It is estimated that only 20 per cent of total losses are insurable and the other 80 per cent is paid by business.

The manufacturing concerns represent the largest single loss, retailers second with construction companies and trades ranking third and fourth.

The banquet will mark the initial step in a city-wide campaign to cut down industrial accidents.

$37,000 Breach Of Contract Action Is Filed By Hudson

The Peterson Construction company was named defendant in a breach of contract suit filed by Robert H. Hudson in District court Wednesday.

Hudson is asking for a $58,250 judgment against the company, charging that it has failed to construct according to the terms of the $37,000 contract allegedly entred into between him and the company Jan. 5, 1948.

According to the petition, Hudson contracted for the remodeling of the old Beatrice Creamery ice storage building at 705 South Twenty-fifth.

He charges that the building would have been worth $85,000 following proper remodeling, but now has a market value of but $35,000. The petition states a bottling plant is now located in the building.

ROLAND T. BLAKE

Tree Planting Ceremony Will Mark Arbor Day

In conjunction with Arbor day, a tree planting ceremony has been planned for the Crounse school district No. 47.

Sponsoring the event are the Lincoln chapter of the Izaak Walton league, the county superintendent, the state game commission and the district 47 school board.

Between 300 to 500 trees, including cedars, Russian olives, etc., will be planted during the day. The Lancaster soil conservation district is also aiding in the activities.

Paul Gilbert, secretary of the state game commission, will attend the ceremony.

Members of the Izaak Walton chapter, planning to attend, are asked to meet at 9:30 a. m. Friday at the Oak park lake picnic house, equipped with a shovel and bucket. The Crounse P.T.A. will serve dinner to those in attendance.

Couple Gives 3-Year-Old To Stranger

REMINDED THEM OF WIFE'S DIVORCED FIRST HUSBAND

GARY, Ind. — (AP) — Four charges have been filed against Mr. and Mrs. Robert Wiley of Blue Island, Ill., whose 3-year-old boy was found wandering on a Gary street last week.

The couple was charged with abuse, abandonment, cruelty and neglect of a child.

Wiley, stepfather of Richard F. Lair, jr., brought the boy to Gary last week after the mother said he reminded her too much of her divorced first husband. Deputy Prosecutor Albert Anhold said Wiley declared he gave the boy to a stranger.

Mrs. Wiley came here Monday and claimed the child at a hospital, but was turned down. The boy now is a ward of the Lake county welfare department.

Mrs. Wiley's former husband, Richard F. Lair, said at his home in Northville, N. Y., he "didn't know what to do about the boy." But he told a reporter:

"I don't think my first wife should be allowed to do what she has done without being punished for it."

Charter Day

(Continued from Page Seventeen)

braska following the Charter day dinner, will commemorate the now nationally observed tree-planting day founded in April, 1872, by a Nebraskan and one-time secretary of agriculture, J. Sterling Morton, is planned by the Nebraska society of Washington, D. C., for Saturday evening, April 23, at the Wardman Park hotel.

Two new members of the society's board of governors will be presented. They are Miss Jessie Stearns of Lincoln, now with economic co-operation administration (ECA), and Lieut. Col. Denver W. Wilson of North Platte, now attached to the National Guard bureau in Washington. Miss Stearns also is secretary of the society, succeeding Miss Vernice Anderson of Omaha, who has accepted a "roving" assignment with the state department. Colonel Wilson succeeds Hugh R. Brown, who is returning to Kearney.

Other board members are Major R. C. Van Kirk of Lincoln, president; Clifford Sandahl of Lincoln, vice president; Golden P. Kratz of Sidney, treasurer; Ray W. Nedrow of Fairmont, historian; Mrs. F. E. Fitzgerald of Lincoln, and H. Malcolm Baldrige, Homer H. Gruenther and Evelyn Walker, all of Omaha.

PTA Notes

(Continued from Page Seventeen)

the junior high school building. Other officers elected were: Miss Luella Hatz, first vice president; Mrs. Donald Watson, second vice president; Mrs. Ralph Monia, secretary; Mrs. Ray Glantz, treasurer; Mrs. John Preskorn, council representative; Mrs. Paul Portsche and Mrs. Roscoe Roeder, state convention delegates; and alternates, Mrs. Loy Graft and Mrs. Donald Watson.

Mrs. Portsche presented bicycle racks to the school as a gift from the P.T.A. after which M. H. Walters, principal, showed slides on United States statistics. A short skit on good health habits was given by third and fourth grade pupils of Mrs. Annie Long and Mrs. Pearl Dale, followed by the social hour.

Chairman of the hostess committee was Mrs. Gus Stoehr and assistant hostesses were Mrs. Harry Wolfe, Mrs. Ralph Robinson, Mrs. H. Rasp and Mrs. L. A. Webster.

PRE-SCHOOL.

The pre-school group of Havelock P.T.A. held its meeting Tuesday evening at the Havelock Y.W.C.A., at which time Mrs. Howard Overton presided. A lesson, "Roots of Aggression," from the national P.T.A. magazine was presented.

Hostesses include Mrs. L. K. Emry, chairman, Mrs. Robert Hill, Mrs. Gus Stohr and Mrs. J. E. Westphalen, and special guest for the evening was Mrs. Paul Portsche, jr., president of Havelock P.T.A.

We Hear That—

Mr. and Mrs. Alton Taylor of Ames, Ia., are announcing the birth of a son, James George, on Wednesday, April 13. Mrs. Taylor is the former Helen Krumm of Lincoln.

No American Naval Ships On Yangtze

. . . Sec. Acheson Says

WASHINGTON—(AP)—Secretary of State Acheson said today he knows of no American naval ships in the Yangtze river area where Chinese communists have fired on British ships.

The question was brought up at a news conference at which Acheson defended his opposition to a proposal Senator McCarran (D-Nev), has made for $1,500,000,000 of new American aid to the Chinese nationalist government.

Acheson said American assistance already has totaled more than $2,000,000,000 since V-J day, and that of this, at least one half was for military aid.

Asked whether the United States would be prepared to recognize a communist regime if the communists take over the entire country, he said he could not speculate.

39 INJURED AS THEATER ROOF FALLS

. . . At Houma, La.

HOUMA, La.—(AP)—Thirty-nine persons were hurt when a movie theater plaster ceiling fell last night.

Manager Everett Talbot of the Park theater said the acoustic ceiling collapsed in one great sheet.

The early evening audience of about 100 persons had only scant warning, he said.

"I was just entering the house and heard a cracking," he explained. "It got louder and louder for a minute, then the entire ceiling seemed to come down."

Talbot said the theater owners had been unable to determine why the ceiling "caved in."

The theater is only six months old.

Court Recognizes Mother-In-Law Trouble

STOCKHOLM—(AP)—Mothers-in-law may have a bad influence. A harassed husband in Joenkoeping, in southrn Sweden, has a court verdict to prove it.

The husband had lived happily with his wife for three years when his mother-in-law moved in on the couple.

The man changed completely. He burgled cellar stores, forged a bank document, embezzled $400 from a brewery, and finally landed in court.

The husband pleaded guilty and was sentenced to eight months hard labor. However, the sentence was suspended after the man's attorney told the bitter truth; the mother-in-law had moved into the same room with the couple.

Omaha Bumps A's, 12-7

FOUR-RUN CARD SPLURGE IN 9TH TURNS TIDE; IPPOLITO HOMERS

By NORRIS ANDERSON
(Sports Editor, The Star)

LINCOLN'S ATHLETICS of 1949 Tuesday night bobbed up with a current version of that old melodrama called "Upset Omaha," but lost the script for the last act, and fell, 12-7.

Trailing by a scant 8-7 going into the last inning, the A's were thoroughly scuttled by a four-run Cardinal outburst.

An overcoated crowd of 3,700 saw this odd combination of effort and error that bowed in the 1949 season.

Six costly errors and a ninth inning weakening by Pitcher Freddy Wells caused the A's downfall.

Numbed by the cold and a 6-1 Omaha lead in the fourth inning, a third of the crowd was enroute home when Lincoln popped its game-tying five-run spree in the fifth.

Eddie Boehm

Bobby Stewart's walk launched the rally. Eddie Boehm picked it up with a centerfield single. After Ippolito had forced Boehm at second, Lou Limmer's lusty triple to left-center scored Stewart and Ippolito. Joe Aliperto's following single brought in Limmer.

Tommy Kirk kept the rally alive with a double, misjudged by Right Fielder Al Repulski. Third Baseman Sonny Swederske's wild throw on Walt Novick's roller pathed a scoring patch for both Aliperto and Kirk.

The score was tied, 6-6, when Ippolito, the 208-pound rookie from Bayonne, N. J., ambled up to the plate. Veteran Lou Ciola had replaced the Card's glittering rookie, Jackie Collum, on the mound.

Ippolito drew a bead on Ciola's fourth pitch, a fast ball, and swung lustily. The ball soared, caught a brief cross wind, and climbed higher. When it appeared certain to hit the leftfield scoreboard for a probable double, the ball suddenly gained momentum and cleared the board for a homer.

The feat, achieved over a span of 340 feet and clearing the 25-foot scoreboard, pushed the A's into a 7-6 lead.

MEETS CHALLENGE.

Omaha, however, met the challenge with two runs in the seventh. Successive doubles by Swederske and Al Smith, followed by Stewart's wild throw, pushed the Cards into an 8-7 lead.

A four-run outburst in the ninth iced away the game. It was achieved on Swederske's single, Smith's single (scoring Kerns), Ciola's double (scoring Swederske and Smith), Haus' single and Barkley's double (scoring Ciola).

Ippolito's single to leftfield scored Boehm, on base with a double, in the first inning.

Omaha rammed in three runs in the first, followed with two in the second and added another in the fourth.

Of the newcomers, Ippolito was the Lincoln hero, batting in two runs and showing coolness under fire. Second Baseman George Moskovich and Shortstop Bobby Stewart appeared beset by first night jitters.

Eddie Boehm's two doubles and a single, covering all three fields, led the barrage of 12 Lincoln hits.

After missing a hot grounder in the first inning, Third Baseman Joe Aliperto contributed two of the game's outstanding defensive stops. Both plays were on sizzling grounders and one was part of the only Lincoln double play of the evening.

Omaha outhit the A's by only 13-12, but was set back by only one error.

Not Usual Self.

Although he walked only three, Pitcher Freddy Wells was not his usual "warm weather" self. His fast ball lacked control and his curve, usually a sharp weapon, was hanging.

At that, he might of emerged victor with better defensive cooperation from his mates.

Bob Palash, righthander from San Diego, Calif., will be on the mound for the A's tonight in the second of a four-game series with Omaha.

Pre-game ceremonies were marked by introduction of both squads and a flag-raising by members of the naval air reserve unit.

Gov. Val Peterson's opening pitch, a slow ball, was hit to first base by Mayor Clarence Miles. County Commissioner Chris Kuhner was catcher.

Peterson, Miles and Kuhner all responded with short expressions of good luck. Business Manager Howard Gordon of the A's and A. Q. Schimmel, president of the Civic Baseball association, aided with the ceremony.

PLEASED WITH HITTING.

Although pleased with his club's hitting, Manager Jimmy DeShong was disappointed with the defensive showing.

"Down at Moultrie in spring training, it was the other way around," he commented. "There, we made only two or three errors in four games, but lacked hitting."

Bears Blast Pueblo

DENVER—(AP)—The Denver Bears opened their Western league baseball season here Tuesday with a 12-9 win over the Pueblo Dodgers in a game that saw seven pitchers yield a total of 21 hits.

The Bears started fast and early, combining three base hits and the pitching wildness of Pueblo's John Stillwell for six runs in the first frame.

Denver remained out front over the route, but in the seventh inning Pueblo staged a six-run rally to narrow the gap to 10-7. Two more Pueblo runs in the eighth placed the Dodgers only one run short of a tie, but the Bears came back with another pair of scores and held onto the lead.

Des Moines Wins

DES MOINES—(AP)—A four-run homer in the first inning by Ken Guettler started the Des Moines Bruins toward a 12-9 victory over Sioux City in an opening Western league game here Tuesday.

The blow came after the Soos Ken Van Gilder had walked four Bruins in a row, forcing in one run. It wiped out a first inning 3-0 lead by Sioux City.

A crowd of 3,264 persons saw the season's opener here in chilly weather. The two clubs meet here again Wednesday night.

SHERMAN FIELD
2nd and South St.

BEST speech (by far) of the Lincoln A's opening night ceremonies Tuesday was given by Gov. Val Peterson . . . His 10-word address was: "Good luck to the A's and let us play ball . . . The governor, in wheeling down that slow ball to Mayor Clarence Miles, looked like he might have had past calling with a baseball . . . His wind-up was smooth, his delivery agile and his control was perfect . . . The mayor, although given slightly to "uppercutting" the ball, nevertheless showed he had a keen batting eye in squarely nailing the governor's pitch . . . Consequently inactive during the one-play game, the ability of Catcher Chris Kuhner, the county commissioner, remains untested . . . We're still wondering why the Western league season doesn't wait until at least May 1 to open . . . Baseball and cold weather are indeed unhappy bedmates.

HERB GORMAN, heavy-sticking Pueblo first-baseman of a year ago, is now starting outfielder for Hollywood . . . Paul Richards, ex-Detroit Tigers catcher and present Buffalo pilot, says that you won't recognize Lou Limmer's new defensive work at first base . . . The ex-Tiger worked hard on the Lincoln slugger's fielding during spring training . . . It has always been known that Lou, second in Western league homers in 1948 (29), can hit . . . His fielding, especially on grounders, has never been too stable . . . First man at bat in the major league openers Monday was Nebraskan Richie Ashburn (Tilden), the Philadelphia Phillies' lead-off choice . . . Official scorer for the Lincoln entry in the Western league for the first half of the season is Walt Dobbins of the Journal . . . The Firing Line will score the final half . . . Dick Stansberry, ex-Teachers high cager, led Pasadena J.C. (Calif.) scorers the past season with a 14.1 average . . . Oldest team in major league baseball is the Philadelphia Athletics . . . Except for First-baseman Ferris Fain, who is 26, and Outfielder Elmer Valo, who is 28, no Philadelphia regular is under 31 . . . Which all means that Connie Mack will be drawing heavily from Lincoln and other of the A's farm clubs in the next few years . . . Stan Baumgartner, ex-Athletic and Phillie pitcher, is now chief baseball writer for The Philadelphia Inquirer . . . Who said ball players couldn't spell? . . . Elmer Dohrman, the ex-Husker all-round athlete, is now associated with International Business Machines . . . He resides at 3114 Ravenswood Place, Alexandria, Va. . . . Bob Davis, Husker backfield coach, is a happy gentleman now that he's bought a house for his family . . . A starting pitcher with Portland this summer will be Cal McIrvin, the ex-Lincoln handyman . . . Busiest chap in Lincoln these days is Business Boss Howard Gordon of the A's . . . The hotel operators at the Cornhusker — Marge Kuchera, Dorothy Murphy, Vera Dirks, Joyce Johnson and Joyce Simmerman — report that Maestro Howard received 207 phone calls Monday.

ELMER DOHRMANN

BROOKLYN'S Burt Shotton says he fears the Cards more than the Braves . . . Famous last words: "We have a good team, but we just haven't hit our stride" . . . We thought there were no better speakers or toastmasters in captivity in Earl Cline and John Curtis, but the A's business manager, Howard Gordon, is in their league . . . Howard's speech at the chamber of commerce send-off for the baseball team Tuesday noon was a study in keen humor, enthusiasm and good will.

Howard's bat anecdote brought down the house . . . Dave Shire, Cornhusker hotel assistant manager, told a new porter that Howard was mentally deficient and that his companion, Dr. C. B. Edwards, team physician of the A's, was his keeper . . . A tireless prankster himself as well as a one-time vaudeville actor, Gordon acted the part whenever the porter was watching. . . . Consequently, the porter became mighty jittery when Gordon called him to his room "for a job" . . . When he arrived, Gordon was swishing his hands . . . "See those bats," he screamed at the startled employe. "They're flying all over. Two of them flew down my sink. I want you to jump down there and get them" . . . Without a word, the chap turned and ran through the door . . . He didn't report back to the hotel for two days.

Manager Jimmy DeShong's introduction of his players reflected the warm comradeship and team spirit this '49 edition of A's shows . . . The skipper, always known as one of baseball's most likeable personalities, knows the personality traits of his squad as well as he knows their playing abilities . . . Jimmy says his squad is well paired off in rooming . . . For example, the two quietest gentlemen on the squad, Rocco Ippolito and George Moskovich, are roommates . . . Also, the two handsomest men on the squad (Tony Busco disputes this), Lew Fauth and Ray Partee, are roomies.

Rifle Class Under Way

. . . At University Range

Rifle instruction classes for boys got under way last Saturday, April 16th, under the supervision of M/Sgt. John Lovold, of the University R.O.T.C. Classes are held for both beginners and advanced students.

Enrollments for the beginners class will still be accepted at the YMCA Boys Club, and any boy who would like to receive this instruction in the handling and shooting of the rifle should register.

The classes continue for another five weeks, and those boys who missed the first Saturday session, will be able to catch up with the other boys. No firing was completed the first session. The advanced class has been filled, and is closed to further registration.

The instruction classes, under the sponsorship of the Izaak Walton league, are meeting at the University of Nebraska Rifle Range, basement of Andrews Hall, each Saturday morning.

The beginners class is at 10 a. m. and the advanced group at 11. Boys wishing to enroll should get application blanks at the YMCA Boys club, and return them either to the "Y" or bring them to class this coming Saturday.

LCC IRON DERBY.

First formal golf activity of the season, an iron derby, is slated for the Lincoln Country club course today. Prizes will be given to top golfers. Dinner will be served at 7 p. m.

Nebraska Trackmen Unlimber

Weir Checks Team For KU Relays Bid

By ALAN THOMPSON.
(Star Sports Staff Member)

Nebraska's entries in the twenty-fourth annual Kansas relays to be held at Lawrence Saturday depend a good deal upon how well the Cornhusker trackman survived the five-day layoff for spring vacation.

Coach Ed Weir's definite plans include taking a spring combination for the 440 and 880 relay races, and enough distance runners to field a 2-mile and distance medley team.

Workouts Wednesday will fill in the travel roster. Full dress relay races are scheduled with top candidates to run against the watch and handicapped combinations.

In all probability the sprint team will be the same that placed second to Oklahoma in the 440 and Oklahoma A&M in 880 at the Texas carnival.

That includes Dick Hutton, Fritz Ware, Al Thompson, and Harry Meginnis. Coach Weir has not decided whether to draw on their uncertain amount of conditioning for the open 100-yard dash.

STRESSES 2-MILE

Weir is putting all his eggs in one basket as far as the longer relays are concerned. He will field all his top middle distance talent in the 2-mile race and use those who are in condition to double back in the distance medley.

Jim Martin, Harold Kopf, Bill Mountford, and Loyal Hurlbert linked together their 880 efforts to finish second behind Texas A&M at the Texas relays.

Individual performers will comprise nearly half the entries.

Jim McConnell, who placed fifth in the grueling decathelon last year, is rounding into shape for another try.

If they are ready for it, Hurdlers Willis Jones, Bob Berkshire and Ray Magsamen will vie in the open 120-yard highs preparatory to the novel shuttle hurdle relay at the Drake meet.

Dick Piderit should startle the unsuspecting if he hasn't lost his new found javelin form that approached the 200-foot mark before vacation. He will double in the shot put.

Fast improving Wayne Sees is a probable entry in the discus.

LOS ANGELES—Bout between Maxie Docusen, 133, New Orleans, and Keith Nuttall, 133½, Brigham, Utah, ruled one-round draw. (Nuttall accidentally butted and bout halted on doctor's advice.)

Lincoln High Faces Three Omaha Clubs

After a taste of defeat at Boys Town last week Lincoln high's baseball team will have a steady diet of Omaha clubs beginning at 3:45 Thursday afternoon with Central at Fontenelle Park.

South comes to Lincoln Friday and the Links will return to take on Tech Saturday.

Sam Hale has chosen Ray Barnett to hurl against the Eagles with Bob King and Paul Stokely on hand in case of emergency.

In batting order the remainder of the traveling squad includes Jerry Tomasek, third base; Jerry Johns, shortstop; Don Webber, center field; Phil Hall, catcher; Gus Lebsock, first base; Myron Collins, second base; LeRoy Kula, right field; and John Maser or Don Wells, left field.

Utility men to make the trip are George Russell, infield; Ted Holtgrew, catcher; Don Scanlon and Don Becker.

Links Golf Net Squads Hit Fremont

(Special to The Star)

FREMONT, Neb.—Lincoln high school golfers drubbed Fremont 11-1 here Tuesday but LHS tennis players had a harder time before winning 5-4.

Chick Battey paced the Red and Black golf team with a one-under-par 73 for the Fremont nine-hole course. Bill Shanahan's 80 was the best for Fremont.

Wins in four of six singles matches gave the Lincoln tennis squad its victory. Fremont netters took two of the three doubles matches.

Golf results:

Erv Peterson (38-42—80) Lincoln, defeated Bill Shanahan (42-38—80), 2-1.
Roy Wythers (41-38—79) Lincoln, defeated George Rumo (45-46—91), 3-0.
Chick Battey (35-38—73) Lincoln, defeated Ben Thompson (45-46—91), 3-0.
Bob Kubitschek (41-38—80) Lincoln, defeated Rolland Walraven (46-46—92), 3-0.

Tennis results:

Singles.

Wal Weaver (L) defeated Phil Wheeler, 6-0, 6-2.
Jim Wells (L) defeated Dick Thompson, 6-1, 6-1.
Carl Wolfarth (L) defeated Carl Nelson, 6-4, 7-5.
George Hancock (L) defeated Dick Eggert, 6-3, 6-0.
Rodney Farmer (F) defeated Bob Barrett, 6-4, 8-6.
Wayne Bishop (F) defeated Bud Hamilto, 4-6, 6-4, 7-5.

Doubles.

Weaver-Wells (L) defeated Eggert-Carrol Claussen, 6-3, 6-3.
Thompson-Ray Ruppert (F) defeated Wolfarth-Hancock, 6-2, 5-7, 7-5.
Wheeler-Farmer (F) defeated Barrett-Hamilton, 6-8, 6-1, 10-8.

Mrs. H. A. Scott Leads Hillcrest

. . . Ladies Day

Mrs. H. A. Scott was low golfer in the Hillcrest ladies day competition Tuesday with a 49.

Mrs. Scott also won putting honors with 15. Tied for the President's Cup were Mrs. Jerry Gunderson and Mrs. H. Hobbs with 19 strokes.

A total of 33 participated.

PORTLAND, Ore.—Joe Kahut, 184, Woodburn, Ore., knocked out Watson Jones, 178, Los Angeles, 2.

HOMER — Rookie Rocco Ippolito crosses home plate after smacking a homer over the left field score board in the sixth inning to put Lincoln ahead for the only time of the game. (Staff Photo.)

Feller Injures Arm In Opener

INDIANS LOSE TO ST. LOUIS, 5-1; LOU BRISSIE BEATS RED SOX, 3-2

By JACK HAND.
(Associated Press Sports Writer).

BOBBY FELLER'S failure is the most disturbing note of the major league baseball openers which otherwise read like a carbon copy of 1948.

A year ago Bobby pitched a two-hit shutout opening day as the Cleveland Indians rushed into a six-game winning streak. Before they stopped winning, they were world champions.

Tuesday Feller was yanked after two innings because of wildness and a sore arm. He yielded one run as the Indians lost to the upstart St. Louis Browns, 5-1. Ned Garver scattered seven hits to beat the champs before 12,817, and the Browns' largest opening crowd in 15 years.

FELLER THROWS.

"Throwing too hard too soon gave me a little trouble," Feller said afterwards. "Three to five days rest and a few warm days should have me back in snape."

Otherwise things were normal. Rip Sewell of Pittsburgh resumed his favorite job-beating the Chicago Cubs. He scored his 10th opening day triumph, 1-0. Lou Brissie, the Philadelphia A's brilliant second-year man, repeated his 1948 rookie job of spoiling the opener for the Boston Red Sox, 3-2.

JANSEN LOSES.

Larry Jansen of the New York Giants continued to find it tough to whip Brooklyn, losing 10-3 under a deluge of homers by Jackie Robinson, Roy Campanella and Carl Furillo

With Outfielder Joe DiMaggio on the bench in street clothes, the New York Yankees shaded Washington, 3-2, on a ninth inning home run by Tommy Henrich.

The crowds were slightly off but some of the smaller parks were the sites of Tuesday's games. The total for Monday and Tuesday was 257,459 as compared to 331,783 in '48. However, the remaining openers Friday, including an expected 70,000 at Cleveland, should better last year's 16-game total.

BRISSIE STARS.

Both the Indians and Red Sox, picked 1-2 by 112 of 120 baseball writers participating in the annual Associated Press pennant poll, were beaten. It was an old story for the Sox who dropped five of their first six starts a year ago.

The Athletics' Brissie, the boy with the war-shattered leg, was hard pressed in the late innings but a great catch by Sam Chapman on Bobby Doerr's long drive in the eighth got him out of trouble.

Eddie Joost hit a game-winning homer of Joe Johnson in the seventh inning to square the A's at 1-1 for the season before 19,897 at Shibe park.

Cleveland's pitching staff, tabbed "best in baseball," used Feller, Early Winn, Mike Garcia and Satchel Paige against the Brownies. Feller gave only one hit, a triple by Jack Graham, but walked three.

The largest crowd was 53,435, a Briggs stadium opening record, that came to see the Detroit Tigers thump the Chicago White Sox, 5-1. Rookie Johnny Groth, the Buffalo sensation, broke in the right way with a pair of home runs on successive times at bat against Al Gettel. Hal Newhouser, who whipped the White Sox last year, did it again, with a three-hitter.

Brooklyn started off as though it meant to wrap up the flag in July by numbing the New York Giants with a power attack. Joe Hatten gave up 10 hits, counting home, as the Dodgers rocked Jansen, the Giants' ace. A crowd of 34,530 set a new Ebetts field opening mark.

Bouncing back from Monday's shutout by Ken Heintzelman, the Boston Braves whipped the Philadelphia Phillies twice, 4-3 and 11-2 before a Patriot's day crowd of 30,337.

Cincinnati capitalized on errors to whip the St. Louis Cardinals, 3-1. All the Red's runs were unearned and came on errors by Nippy Jones and Tommy Glaviano. The Cards' Harry Brecheen was the mound victim. The crowd at Cincinnati was 32,118.

Judge Says No To Dan

. . . Can't Play Baseball

NEW YORK — (AP) — Danny Gardella, denied the chance to return immediately to organized baseball, went forward with his plans Wednesday to play with an independent team in Canada.

Federal Judge Edward A. Conger denied a request Tuesday that the little wartime outfielder of the New York Giants, now under suspension, be restored to good standing.

Gardella, suing baseball officials for $300,000 damages for the banishment that resulted from his jumping to the Mexican league, sought a temporary injunction restraining baseball from enforcing the suspension.

Judge Conger held Gardella had not made a sufficient showing of irreparable damage. Denial of the petition will have no effect on the suit, which is still pending.

The Federal judge previously had denied a similar petition in behalf of Max Lanier and Fred Martin, former St. Louis Cardinal pitchers who are suing the game for $2,500,000.

The Lanier-Martin suit is scheduled to be heard next Saturday.

The three players were among several suspended for five years after going to the Mexican league in 1946.

Gardella has agreed to play baseball this year with an independent team at Drummondsville, Quebec.

DETROIT WANTS OLYMPICS

DETROIT—(AP)—If Detroit is selected as host city for the 1956 Olympics, it will hold the games in a brand new stadium with a seating capacity of 104,000. This was announced Tuesday by Louis Rossetti as he left by plane for Rome where he will go before the International Olympic committee with a six-man Detroit group to issue the city's invitation.

Yesterday's Stars

(By the Associated Press)

BATTING—Johnny Groth, Tigers. Rookie outfielder hit two home runs, drove in two runs and scored two in Detroit's 5-1 victory over Chicago.

PITCHING—Rip Sewell, Pirates. Veteran 40-year-old righthander pitched Pittsburgh to 1-0 eight hit victory over Chicago.

J. Dempsey Hits Jacobs

. . . With Words

LOS ANGELES — (INS)—Jack Dempsey believes the kind of monopoly Mike Jacobs held on boxing for several years was responsible for the decline of the sport.

The former heavyweight champion, looking fit for his 54 years, said today the future of the game is brighter because Uncle Mike has lost his stranglehold with the retirement of Joe Louis. He said:

"That control is gradually dying away and boxing is destined to become bigger and better than ever. When Jacobs lost Joe Louis he lost most of his power."

Dempsey told Los Angeles sports writers that he believes there should be a national board to control boxing. He said:

"The NBA isn't strong enough to do too much. We need a national organization with teeth in it to make boxing the fine sport it should be."

The old Manassa Mauler advocated the permanent elimination of "racketeers and other unsavory people who have worked their way into the game."

Mickey Walker, one-time "Toy Bulldog" who proved to be just about as good a speaker as he was a fighter, said he thought boxing hit the skids because it became too sophisticated.

Other speakers included Charley White, former lightweight star; Jim Thorpe, all-time sports great who plans to promote girl's baseball in Los Angeles; Fred Haney, manager of the Hollywood baseball club, and Chuck Dressen, manager of the Oakland Oaks.

DUKE BUTTS FOE

LOS ANGELES—(AP)—A scheduled 10-round fight between Maxie (Little Duke) Docusen, 133, New Orleans, and Keith Nuttall, 133½, Brigham, Utah, ended in an unexpected draw in the first round Tuesday night when Docusen accidentally butted the Utah youngster.

RUTH HONORED

NEW YORK —(AP)— They honored Babe Ruth Tuesday in Yankee stadium where his body lay in state a day last fall after his death from cancer. His widow, Mrs. Claire Ruth, unveiled a granite monument to his memory in deep centerfield. The Ruth monument stands besides two others erected in memory of Lou Gehrig and Manager Miller Huggins.

Husker Nine Opens Home Season Friday

The University of Nebraska baseball team, defending Big Seven conference champions, meets Kansas State here Friday and Saturday. It will be the first home appearance of the Cornhuskers this season.

The Cornhusker B team will play Omaha university nine at 10 a. m. Saturday.

Kearney Wallops Foe

KEARNEY, Neb.—(AP)—Kearney college gave Hastings a sound licking in a dual track meet here Tuesday. Kearney took its Nebraska College conference rival 120½ to 43½.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Hog Market Fully Steady

OMAHA—(AP)—Fed steers and she stock sold steady to 25 cents lower today with vealers off about one dollar. Hog prices held steady although receipts were moderate. Fat lambs sold steady to 25 cents higher.

OMAHA—(AP)—(USDA)—HOGS — Salable 6,000; active, fully steady; good and choice, 180-240 lbs. barrows and gilts, $18.25@18.50; 240-270 lbs., $17.25@18.25. 270-300 lbs., $16.75@17.50; 300-350 lbs., $16.00@17.25; good and choice sows $14.50@15.50; few heavy rough sows $14.00; stags $11.00@14.00.

CATTLE—Receipts 7,000; calves 200; fed steers comprising large proportion of run, slow, steady to 25c lower; she stock steady to easier; bulls steady to 50c lower; vealers weak to mostly $1.00 lower; stockers and feeders in light supply, unchanged; bulk medium and good fed steers $22.00@24.25; load choice 1177 lbs. mixed steers and heifers, $25.50; good and choice 1184 lbs., steers, $26.00; medium and good cows, $17.50@18.50; medium and good vealers, $20.00@27.00.

SHEEP—Salable 1,500; active, fed wooled lambs steady to 50c higher; other classes steady; five loads good and choice 85-107 lbs. fed wooled lambs $27.75-to shipper, few medium and good $25.00@26.50; three decks good and choice 109 lbs. fall shorn fed lambs $27.25; two loads comparable grade No. 1 and 2 skins $27.00; odd lots common to choice wooled slaughter ewes $12.50 down; sizable lot fresh shorn slaughter ewes $9.50; two loads good and choice 85 lb. shearing lambs $27.50; load good and choice 77 lbs. feeders with No 2 skins $26.50.

Telephone Takes A Dip

NEW YORK—(AP)—American Telephone & Telegraph common stock declined abruptly today following stockholder approval of the largest financial deal in the history of private business.

Telephone dropped around 1½ points to 144, within a shade of the lowest price since 1943. Several large blocks changed 4,500 shares.

Stockholders of the company approved a plan to raise $395,000,000 through sale of debentures which could be converted into common stock, thus dilyuting the present equity of stockholders.

The balance of the market moved along over a narrow price range with advances and declines thoroughly mixed. Many stocks alternated between small gains and losses. Turnover was at the rate of around 800,000 shares.

Omaha Produce and Feed

OMAHA—(AP)—

BUTTERFAT—No. 1, 53c at Nebraska stations. Direct shippers' price track, 57@58c; No. 2 at least 3c less than No. 1.

MILK—Basic prices for milk with 3.8 per cent butterfat: Class 1 and 2, $3.89; class 3, 3.14 cwt.

EGG QUOTATIONS—Bid price for current receipts, 45 pounds basis, Omaha mostly $11.40, cases returned. Discount for small, dirty, damaged eggs. Premium for heavy eggs, strictly fresh, uniform in size and color.

POULTRY—Average bids for grade A delivered Omaha. Usual discount for B grade and hybrids.

Light hens and leghorns, 23-24c; roosters, 15@17c; broilers 2½ lbs., 28@29c.

CREAMERY BUTTER—To delaers 92 score in paper cartons quartered 62c; 90 score 61c.

HAY QUOTATIONS—Dealer selling price car lots F.O.B. Omaha basis national association grades:

Wheat, Corn Close Uneven

CHICAGO—(AP)—A very pessimistic report on wheat in the eastern third of Nebraska, plus less encouraging news from Kansas, spurred buying in new crop wheat futures on the board of trade today. Prices advanced more than 2 cents at one time, but were later reduced.

Wheat closed 1⅛ lower to ¾c higher. May $2.93⅜@⅝, corn was ¾c lower to ⅜c higher. May $1.34⅝@¾, oats were ⅛@½c lower. May 69⅜@⅝, rye was ¾c lower to ¼c higher. May $1.29, soybeans were unchanged to 70 cents a hundred pounds higher. May $11.50.

SALESMAN
Among all these ads there are some that represent excellent opportunities in successful salesmen. This one does. I want a man who has sold successfully, preferably books. This experience is not essential, however. The product we sell has more appeal than any I have ever seen in the publishing industry. If you are salesman desiring to get into the higher brackets in earnings and feel you are capable of building an organization of your own should you be given the opportunity, this may be just what you want. Qualified leads and calls by appointment only, for interview write giving experience, age, must have car, etc. C. A. Hoffman, 306 South 24th Street, Omaha Neb. A

ACREAGE AT AUCTION
Wednesday, April 20, 6:30 p. m.
Located ⅝ mile west of Yankee Hill school house. If you are looking for a good brick home with fireplace, completely modern with new oil furnace, with one of the nicest kitchens in Lancaster county, don't fail to see this. This home is beautifully decorated in rich soft colors, located on approximately 2 acres of very rich black soil where anything can be grown or kept. Close to Pioneer Park and if you want to keep your saddle pony and ride the bridle path, be sure to attend this auction. Can be seen at your convenience. 20
